Jerry,

It has been a pleasure getting to know you this year, but knowing you is like out of this world. Well we problem want be seeing you in the following years to come. I will always remember you in the years to come. Jerry you is a nice intelligent young man who admire a lot who deserves the best out of life and don't let no one fool you in nothing, you can't get out. Because once you get into something you can't get out it is stuff. So don't get yourself in those shoes. Be good with all those shocking females. Jerry some of my darkest days you have brighten up and made me smile, and I love you for that. You know making someone happy is great and when someone makes me happy like you gives me great feelings for that person. So good luck in the following years to come.

Memories Light the Shadows of my Mind

Yes you've out done yourselves this time. Throughout the year you have made it possible for us to capture memories that will last a lifetime and longer. You have expressed yourselves in a special way. You have added another chapter to the history book of our school. The memories that you leave behind will be treasured.

Memories have a special way of allowing one to reach into the realm of their past and relive many experiences both good ones and bad ones. From day to day you experience events and happenings that will always be a part of you. Though they are stored in the corner of your mind, you can always pull them out and bring them into focus.

We all have a treasure chest full of memories that can be unlocked by scrapbooks, letters, forget-

me-nots and, above all, pictures. A picture is one of the most valued possessions a person can have. One glimpse at a picture can bring memories sorting back to you. That is why your yearbook is so important!

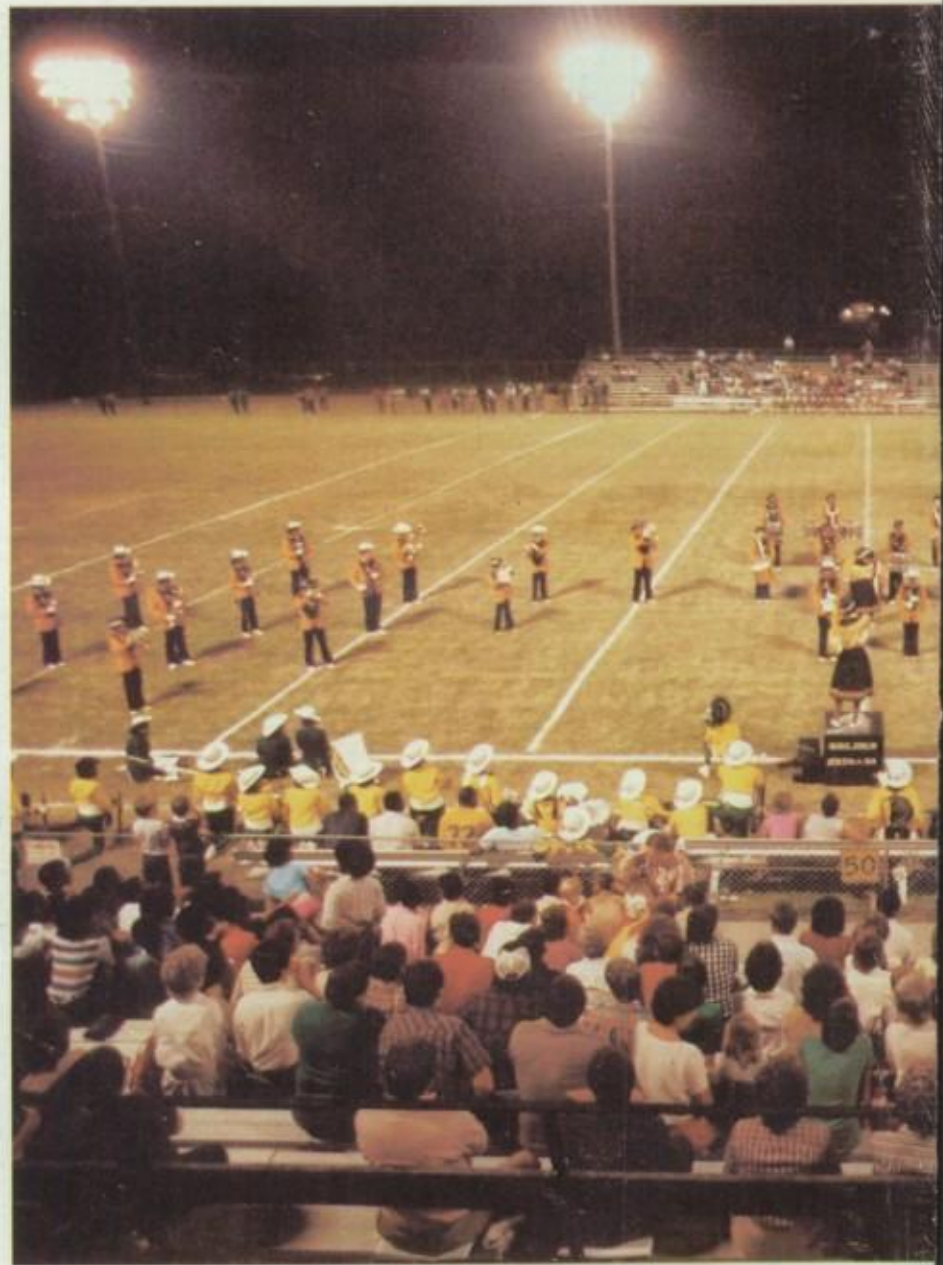

Your high school days hold some of the most relivable moments in your life. Just think of that candid snapshot of you and your old flame at the locker, or maybe the most exciting moment when the number one tailback made the winning touchdown.

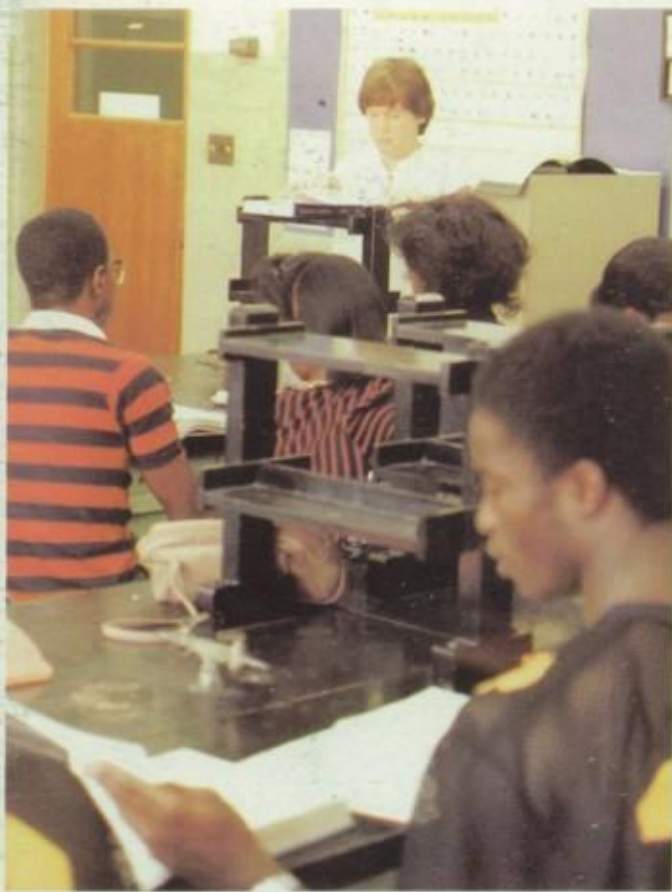

Memories have their own way of journeying back to us. Memories are the only route to the bridges which connect us to our past roads of life.

Let us leave the bridges standing . . .

Right Top: Is it love, or what??? This is a popular lunch break pasttime. **Left Top:** Sitting on the benches, Joyce Carter and Sherry Wampler are enjoying a break with an interesting conversation. **Right:** Strike up the band! The Tiger Band, also known as the Golden Brigade, is going to have an

even better year. Mr. Barry Wash has taken over as band director in hopes the winning tradition goes on. **Left Bottom:** This might look like a lot of chaos, but it really isn't. It's the change of classes. We stop at our lockers, chat with friends, and have a lot of FUN!

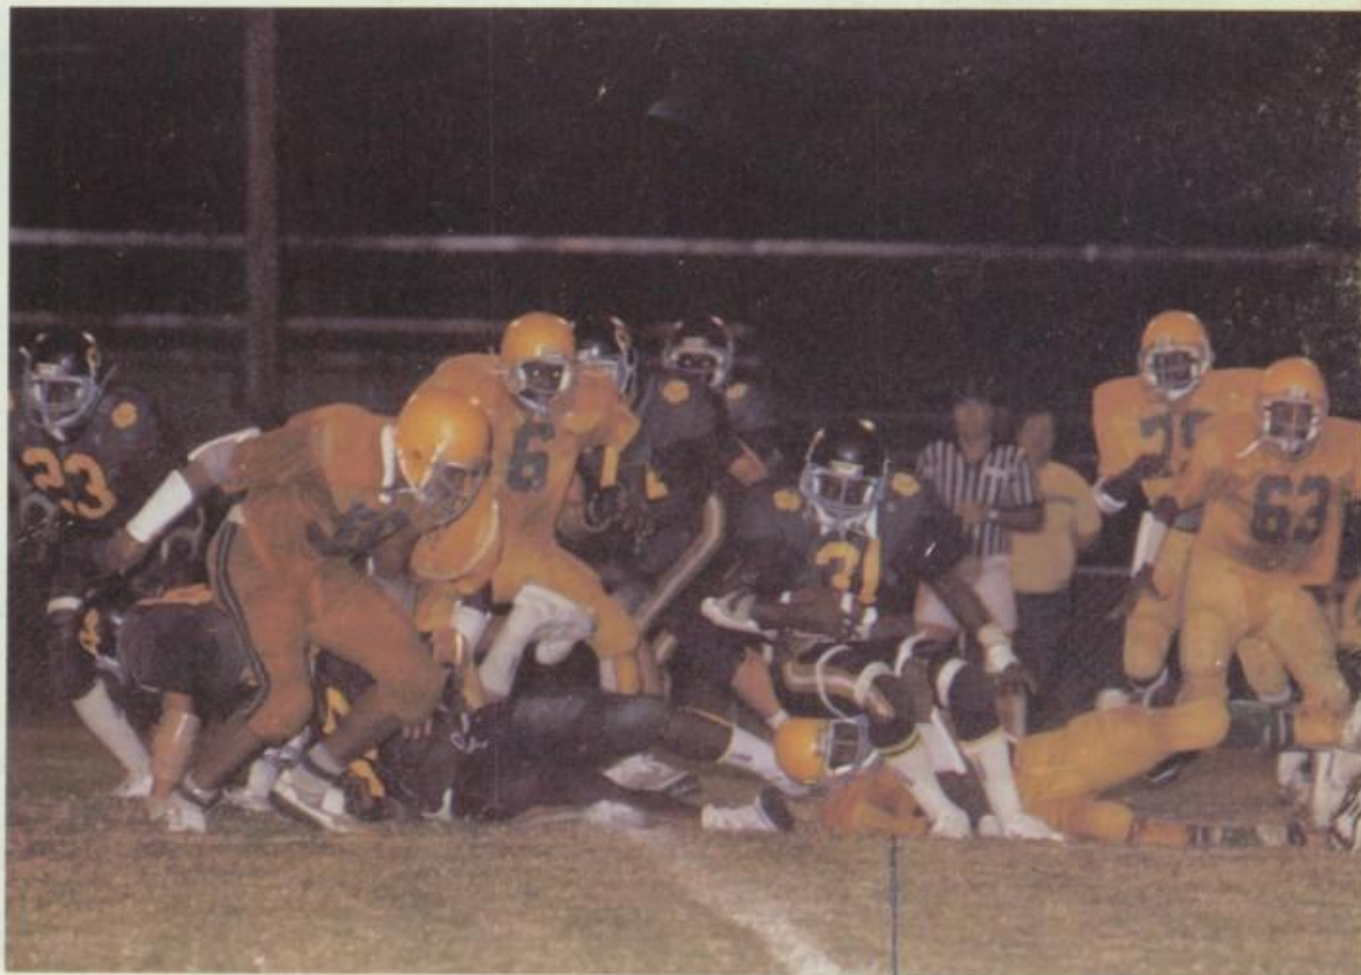

Left: With the impact of Governor Riley's Educational Improvement Act, things are getting tight. All students that take Physics know that this is one of the hardest classes, and with things getting tight, it will be even harder!

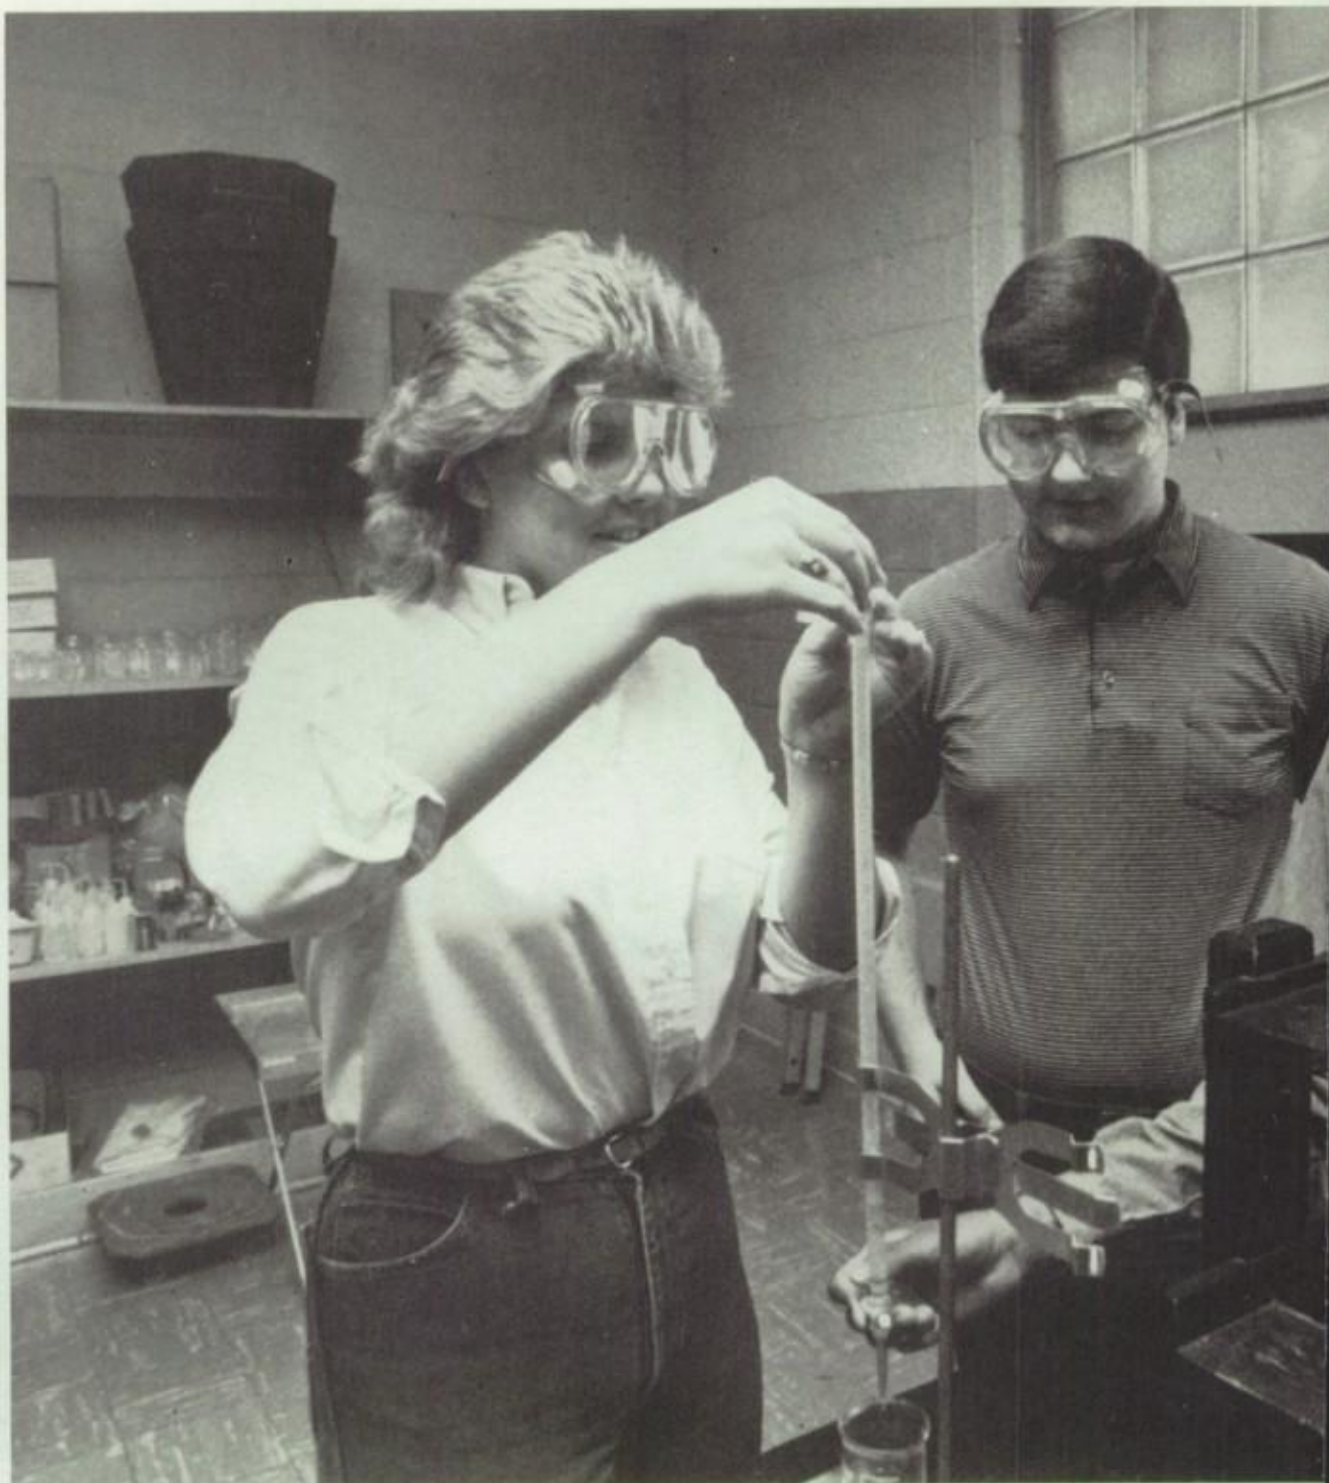

Top: Taking a break from playing football, this group of guys decides to relax and watch others enjoy the lunchbreak. **Bottom:** We are having a tough time against Estill, but they can't stop the Tigers because we're on the go. Go Tigers Go!!!

Left: Lunch is always a popular time during the school day! Anthony Floyd, Randolph Lee, Frank Brown and Tracy Doe help themselves to the healthful salad bar. **Top Right:** Future genetic chemists? Learning the basis of chemical experiments are Kristi Elkins, Robert Bowers, and Carlos Mikell. **Bottom Right:** We're proud of our fine Vocational School! Pictured here is Colvin Maner and his fine art of repairing motors.

Caught in a maze of lockers between classes is junior, Robert Bowers.

Taking advantage of a few free minutes in the afternoon are Tracy Lariscy and Rennie Nichols. Could it be that they are planning some devious, outrageous plot?

Leaving our big yellow dominoes for another day of intensive study are Octavia Hayward, Heather Roberts and Renee Polite.

If you want to die real quick, mess with Renee Capers and let Jerry Capers, her husband, see you. That's the quickest way I know.

Spirit Captivated

Memories are the fondest treasures that we share. There are joyous and spirited memories; sad and dejected memories; memories that will be cherished and remembered in the backs of our minds, as well as those memories trapped by pictures.

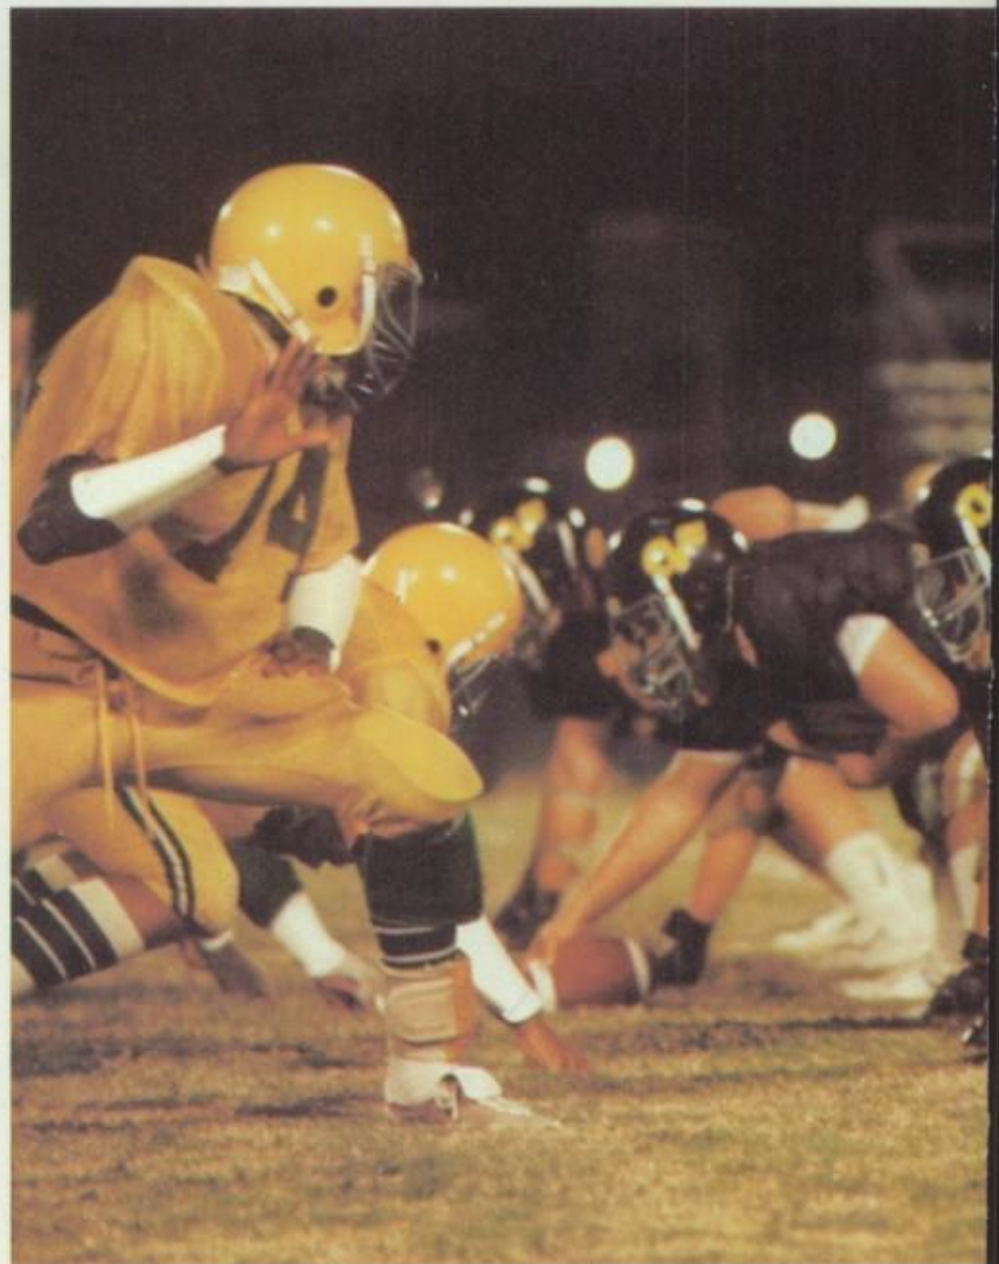

We have shared our joys and most depressing moments together: the stress and excitement of the games; the thrilling touchdowns, the groans and muffled sounds of the stalking Tigers; the remembrance of the cheers; the sad sighs of the crowds, the pain we shared when the team lost a crucial game. We will always cherish the warm tears we shed with the team, victory or defeat.

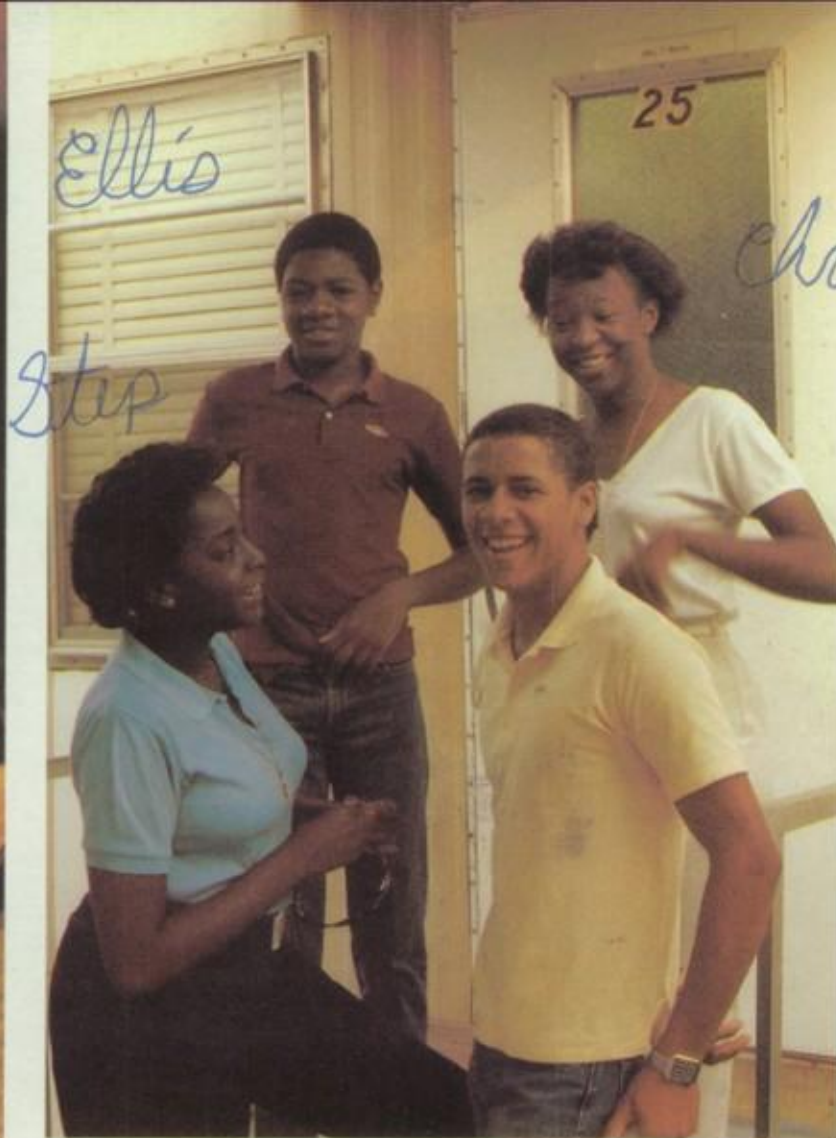

The games weren't the only memories we shared, but the daily routine at A-F holds unique memories for each and every one of us — the banging of lockers; the joyous laughter in the halls; the changing of classes and the brief "chat;" the garrulous lunch breaks, the placid library and study halls; the agony of reports and tests.

All of these shared memories are truly remembered and captured, we hope, in these pages that will last forever.

Above: At half-time, the Golden Brigade shows everyone what they can do. Here's band captain and lead trumpeteer Marion Rouse. **Top Right:** "Who we gonna call? — GATOR BUSTERS!!!" This is the theme as the Tigers devastated the Estill Gators. **Right:** "Down, set, hike!" says the quarter-back as the Tigers go for the first touch-down of the game.

Bright colored ones are the rage. **Top Right:** During the fall and spring one of our favorite places is out front under the trees. **Top Middle:** Do Re Me! Vocalizing the scales is an important part of chorus class. Mrs. Stewart gives the group a musical workout. **Bottom Left:** Oh, no! Did Miss Tuten really give us notes on this? Elated fans celebrate

first championship season since 1968

What were you doing in 1968? Lots of us weren't born and the ones who were born were crawling around with toy trucks. In 1968 Lyndon Johnson was President, the Vietnam War was escalating, Russia sent a space vehicle to Venus, the first space vehicle to reach a planet, gas was 30¢ a gallon, and Allendale-Fairfax High won a conference championship. Many people may say, "Why is a football championship so important?" Because it was the last one for 16 years until Coach Phil Williams and his Black Magic team and coaches arrived on the scene.

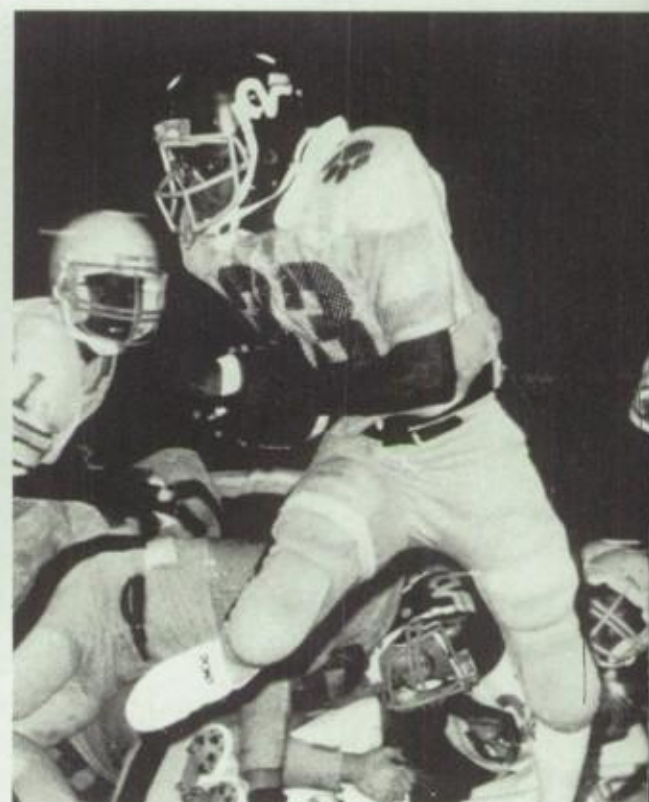

Looking back, Coach Williams reflects that most of the teams' members weren't born during the last conference championship. One can

also see that the name has been changed since then to Region Championship. Coach Williams believes that "this was a championship shared by the other three previous teams" from the years before.

The title achieved by the football team came from lots of work as Williams remarks in that, "The seniors this year were rising freshmen when I came here and have been in the program for four years and have worked themselves to death. People outside the football team will never know of the hardships they suffered on this road to champions." Although the work was hard the results were rewarding as one of those former freshmen William Harrison reflects, "Hard work, dedication and

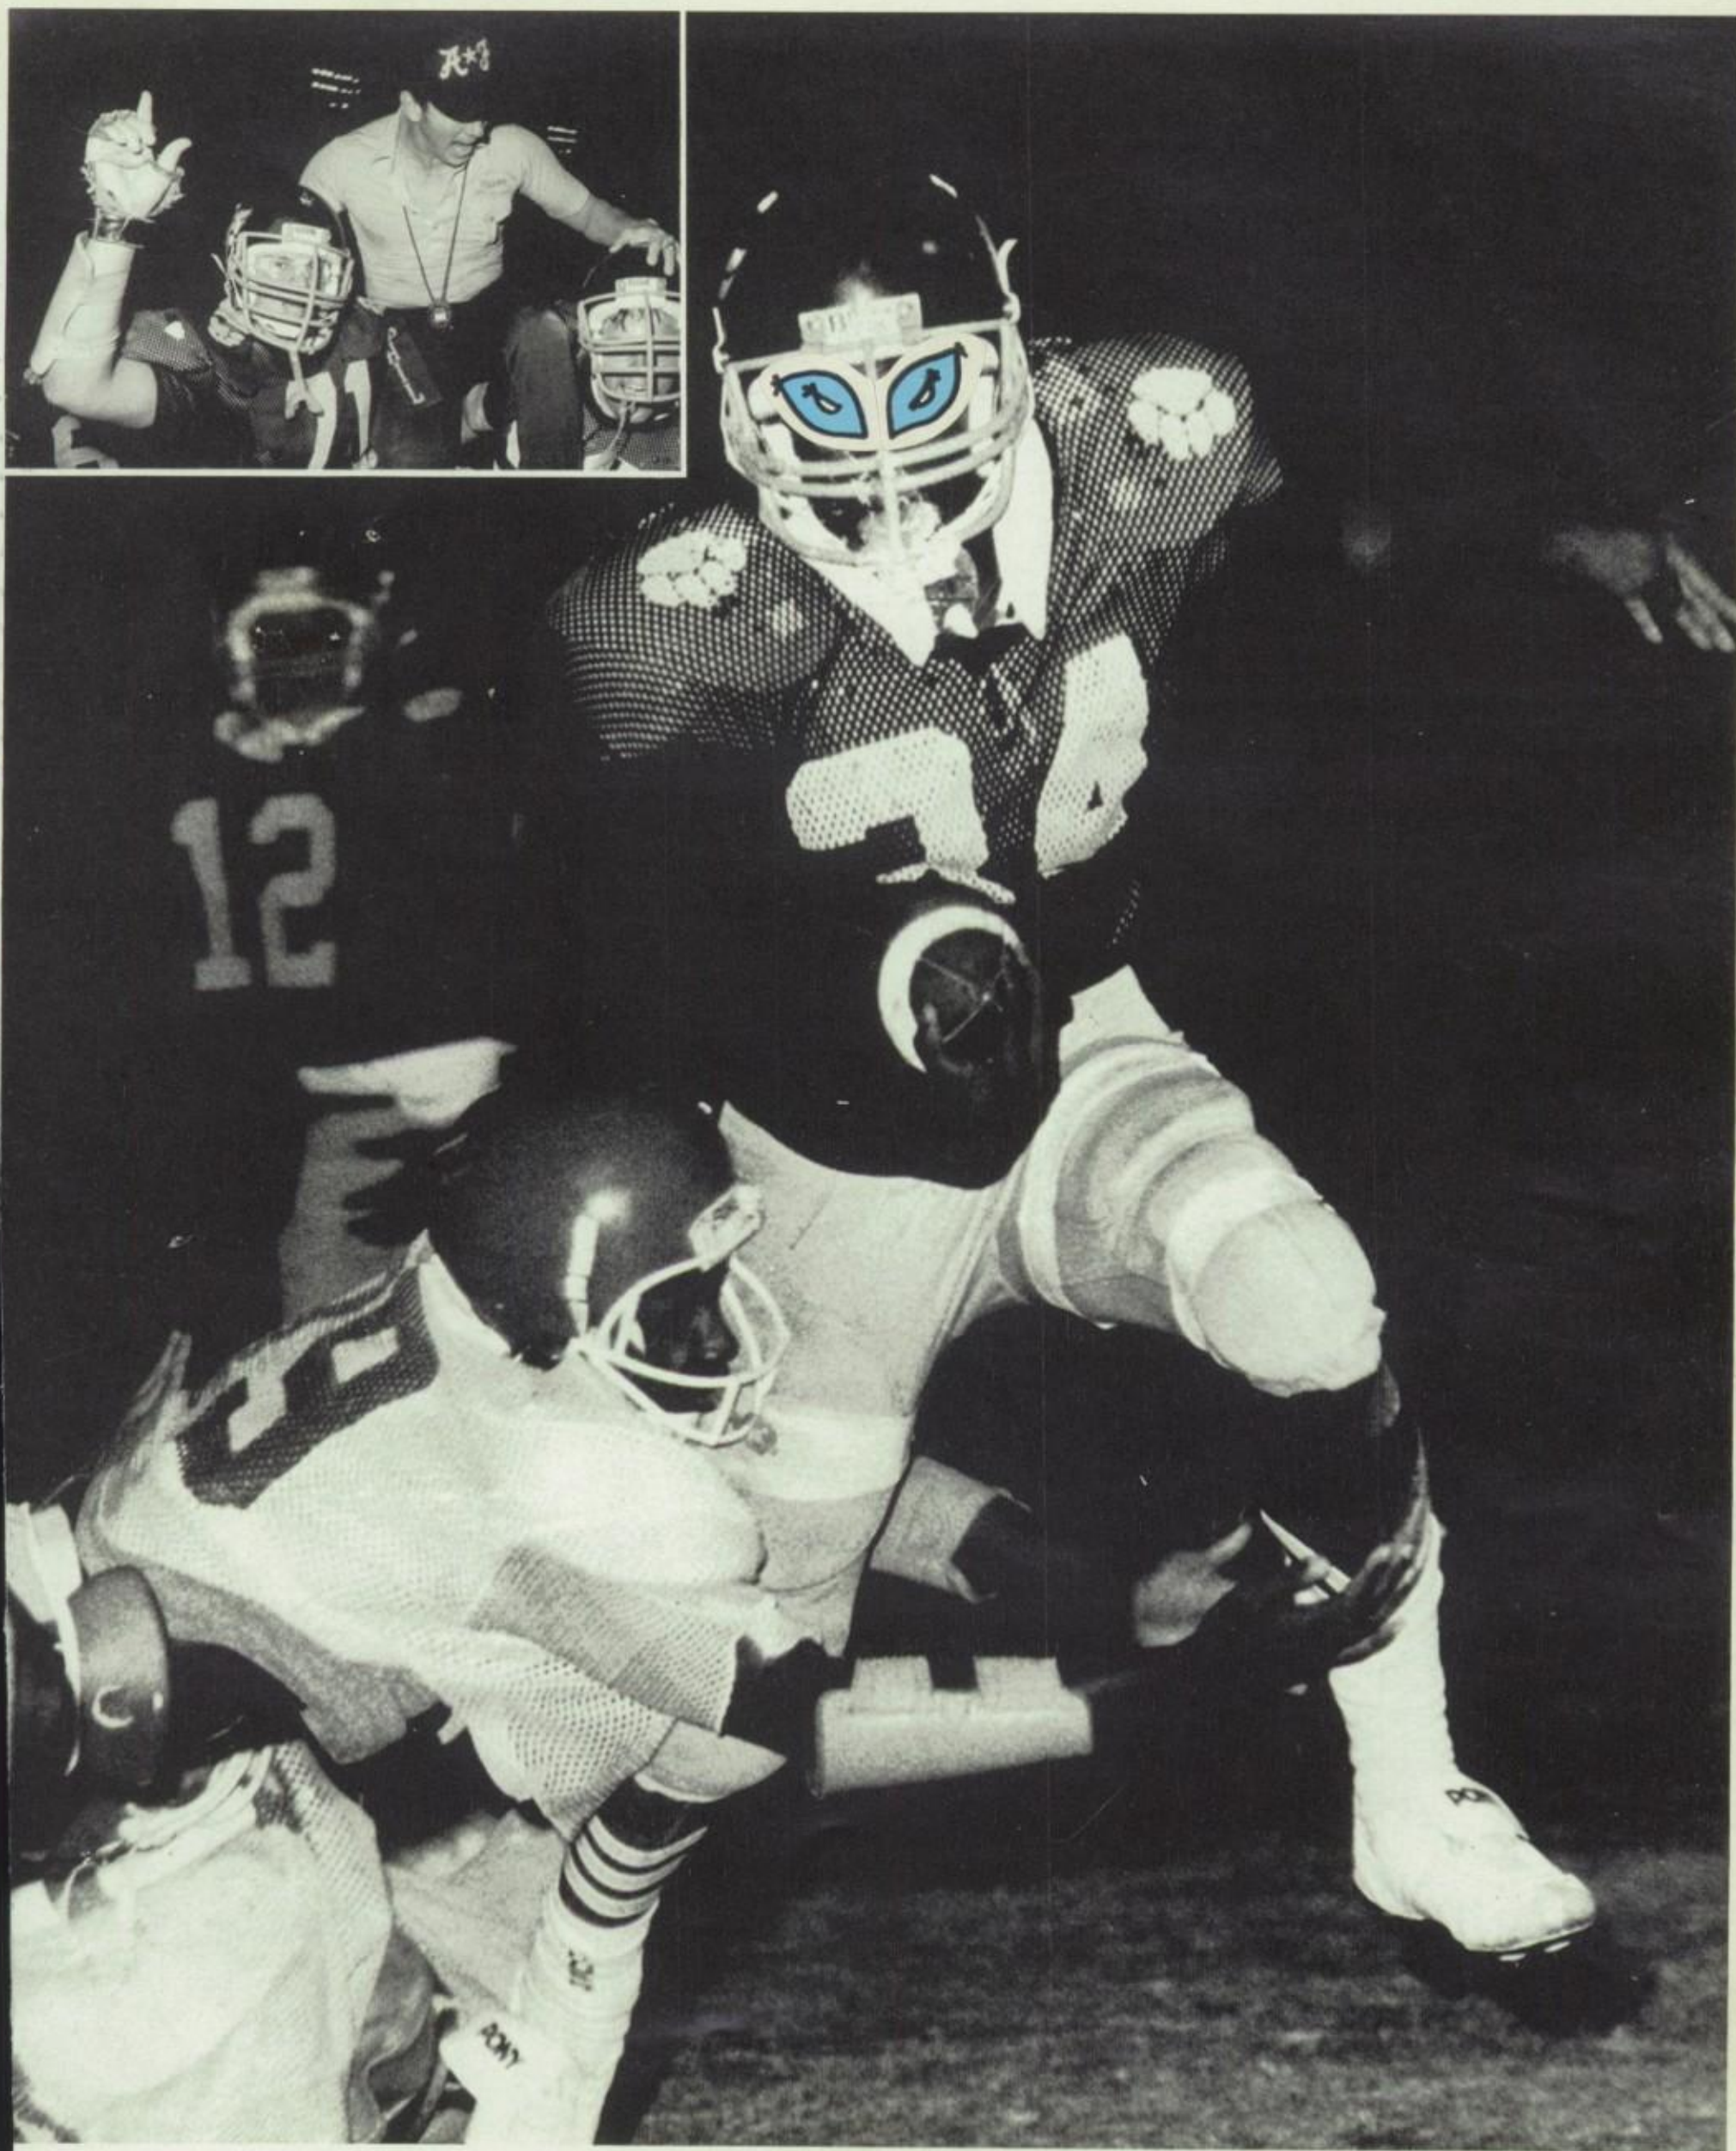

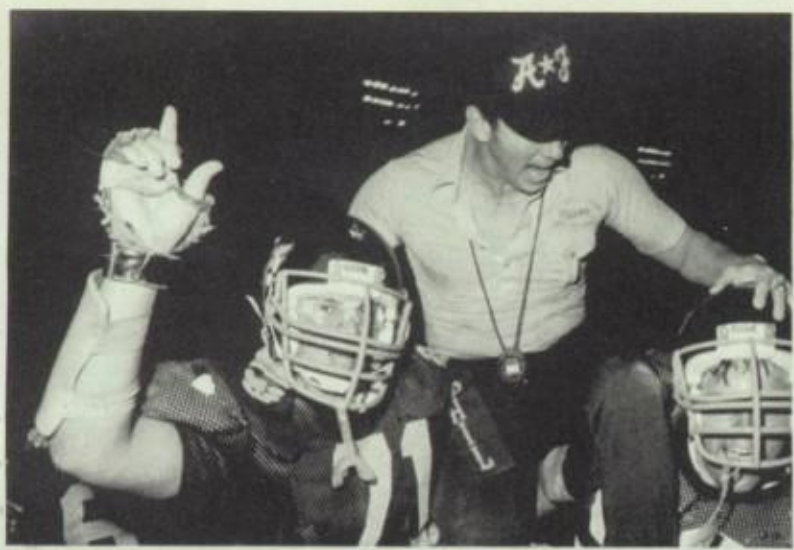

superb coaching made the 1984 season the best we had in years and togetherness turns a mediocre program into a team of champions."

The team will lose approximately 19 seniors but most importantly the team will lose Coach Phil Williams. Since Williams arrived here at A-F he has brought joy to many. When asked about his departure, Williams remarked, "I'd just like to say it's been a privilege and a distinct honor to have been the football coach the last four years at Allendale-Fairfax High School. I will love and remember these players for the rest of my life."

Above: **Watch it sucker ...** S.A.E. member Charlie Jenkins displays this emotion as he falls on his face, and an opponent falls on his back. Charlie, a senior, is also a member of the Varsity Basketball Team. Above right: **Breaking away ...** Star Running Back, Randy Simmons, breaks away from the crowd to gain yardage. Randy, along with William Harrison and Henry Bryant, was a yard powerhouse for the team this year. **Team members are:** Bottom: Lonzando Langley, Charlie Jenkins, Vincent Walker, **Managers** — Ben Allen, Anthony Higgenbottom, and Hal Bennett — Herman Gray, Gerald Fitts. **Second row:** Percy Coard, Brian Mock, William Harrison, Carrol Adams, Marion Harrison, Anthony Fullington, and Bentrice Frazier. **Third row:** Henry Bryant, **Coaches** — Ron Blackmon, Tracy Epps, Cedric Mills, Paul Brown, Phill Williams, Adam Brown, and Jeff Rooker. **Fourth Row:** Marcus Riley, Ricky Rowell, Walt Windham, Jay Mills, Arthur Grant, Randy Simmons, Livingstone Youmans. **Last row:** Craige Neil Night, Willie Frazier, Eddie Cocker, Allen Henderson, Leroy Altman, Wilbur Wallace, Terance Love, and Ray Kinard.

Top right: Take him down . . . and that's exactly what Freshman Paul Brandt does as he tackles a hungry opponent. **Right:** As Sophomore Louis Lomax is attacked by an opponent, Perry Kears looks on and says, "Better you than me." **Below:** Members of the J.V. Team are: **Sitting:** Randy Bowers, Anthony Brown, Tony Harrison, Horace Lott, Terrance Bing. **Kneeling:** Darren Chisolm, Kelvin Williams, Lucius Williams, Louis Lomax, Glenn Sullivan. **Standing:** Coach Paul Brown, Mark Rooker, Mark Moody, Timothy Myers, Corry Elmore, Coach Cedric Mills. **Top:** Arnold Benton, Tim Youmans, Greg Burison, Rob Bennett, Quillie Coath, Paul Brandt, and Perry Kears. **Below left:** Freshmen Randy Bowers and Arnold Benton recover a fumble to gain possession of the ball. Both will prove to be an asset to the Varsity in the future. **Below right:** Another "Foot" in the making? Kelvin Williams returns a kick off to help put the Tigers further into the end zone.

Varsity players in the making

With all the excitement surrounding the Varsity Region Championship, the junior part of the football program here has gone almost unrecognized. The JV's under the coaching of Cedric Mills assisted by Paul Brown compiled a stunning record of 6-1-1, losing only to Barnwell and tying with H. E. McCracken.

An outstanding fact is that Allendale-Fairfax and Strom Thurmond were the only two teams to beat Blackville-Hilda Junior Varsity team in six years. The team suffered an injury to its starting quarterback Derrick Allen who broke his leg early in the year. Fortunately, they had Perry J. Kears

to carry them on for the remainder of the season.

With all of the qualities of a winning football team, they, like their older counterparts, will someday prove to be a perennial power in 6-AA Region action.

The Tiger Cubs enjoy a rap session during halftime at an away game. What a beautiful bunch of little Tigers!

SAE member Quillie Coath tackles a defender forcing a loss and Kelvin Williams is right there ready to pick it up and GO!!

Personal Development

Mr. Universe — Willie "Bill" Frazier!! Who knows? In the near future this young man from Allendale may make national television. Where did it all start? One day as a group of young men were working out in the weight room there came a gift from above — Coach Ron Blackmon. Since his arrival at A-F, the weightlifting program has mushroomed from a speck to a major competitor in South Carolina. Under Coach Blackmon's leadership both school and state records have been set. The weightlifting program is truly one of the trend setters here at A-F. However, setting records is not the only important aspect of the program.

There is that hard to measure, but quite obvious to see, change which takes place in the young men who give dedicated devotion to self-improvement. Maybe all lifters do not set records in competition but they may all become winners in personal development. Most noticeable is the improved physical strength but on closer observation one notes the psychological impact — the moral stamina which comes from diligent pursuit of goals and time spent in worthwhile camaraderie. Keep lifting guys — physically and mentally!

A work of art is the only thing to describe **Paul Brant** in action. Paul, a member of the J.V. Football team, is determined to improve his game by increasing his strength.

Concentration is the name of the game . . . as demonstrated by **Greg Hiatt** and **Jay Mills**. By the looks on their faces one must wonder — how much does mental outlook influence strength?

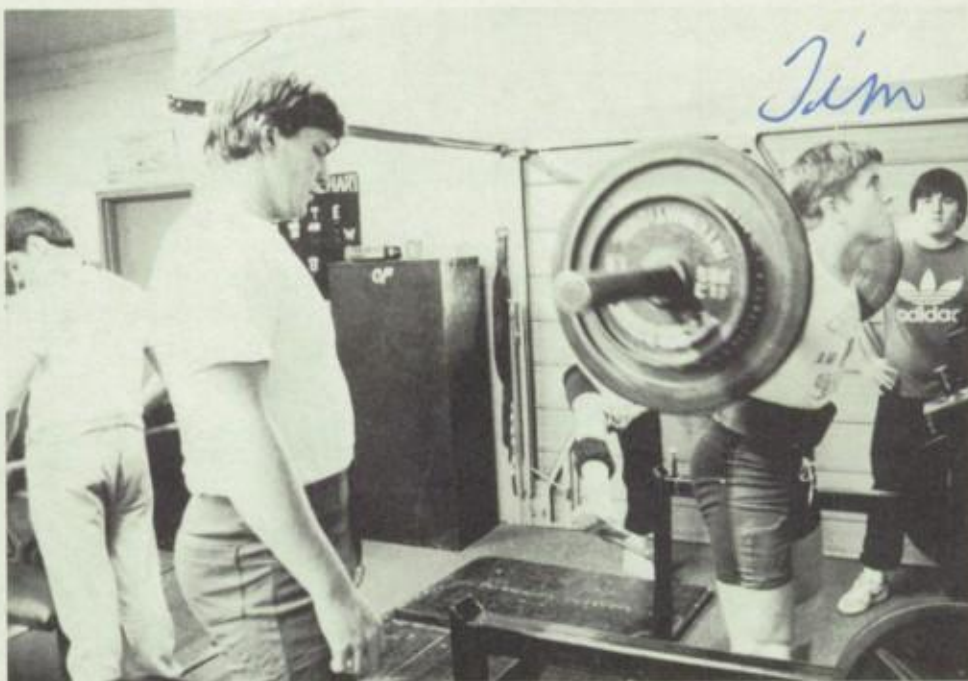

Big Bill

The pride of Groton . . . "Big Bill" Frazier demonstrates what Grotonites can do. Willie has set many weightlifting records here at Allendale-Fairfax.

Freshman Tim Youmans, a member of the J.V. Football team, shows promise as a lifter. What will he be like as a senior?

Above right: Weightlifting Coach **Ron Blackmon**, and **Carroll Adams** discuss strategies. It can clearly be seen what their strategies have done for them. The Epitome of Perfection

A tradition of excellence continues

The old maxim goes something like "Opportunity knocks only once." But Paul Brown, in his coaching career has proved this cliché to be false. During the season, Brown and his stormy Tigers were at one time ranked first in AA state action with an overall record of 15-0.

The first loss the Tigers suffered was to a very "healthy" Denmark-Olar team who came prepared to defeat this group of very determined young men. The team was fortunate to begin with a majority of experienced players such as Kelvin Orr,

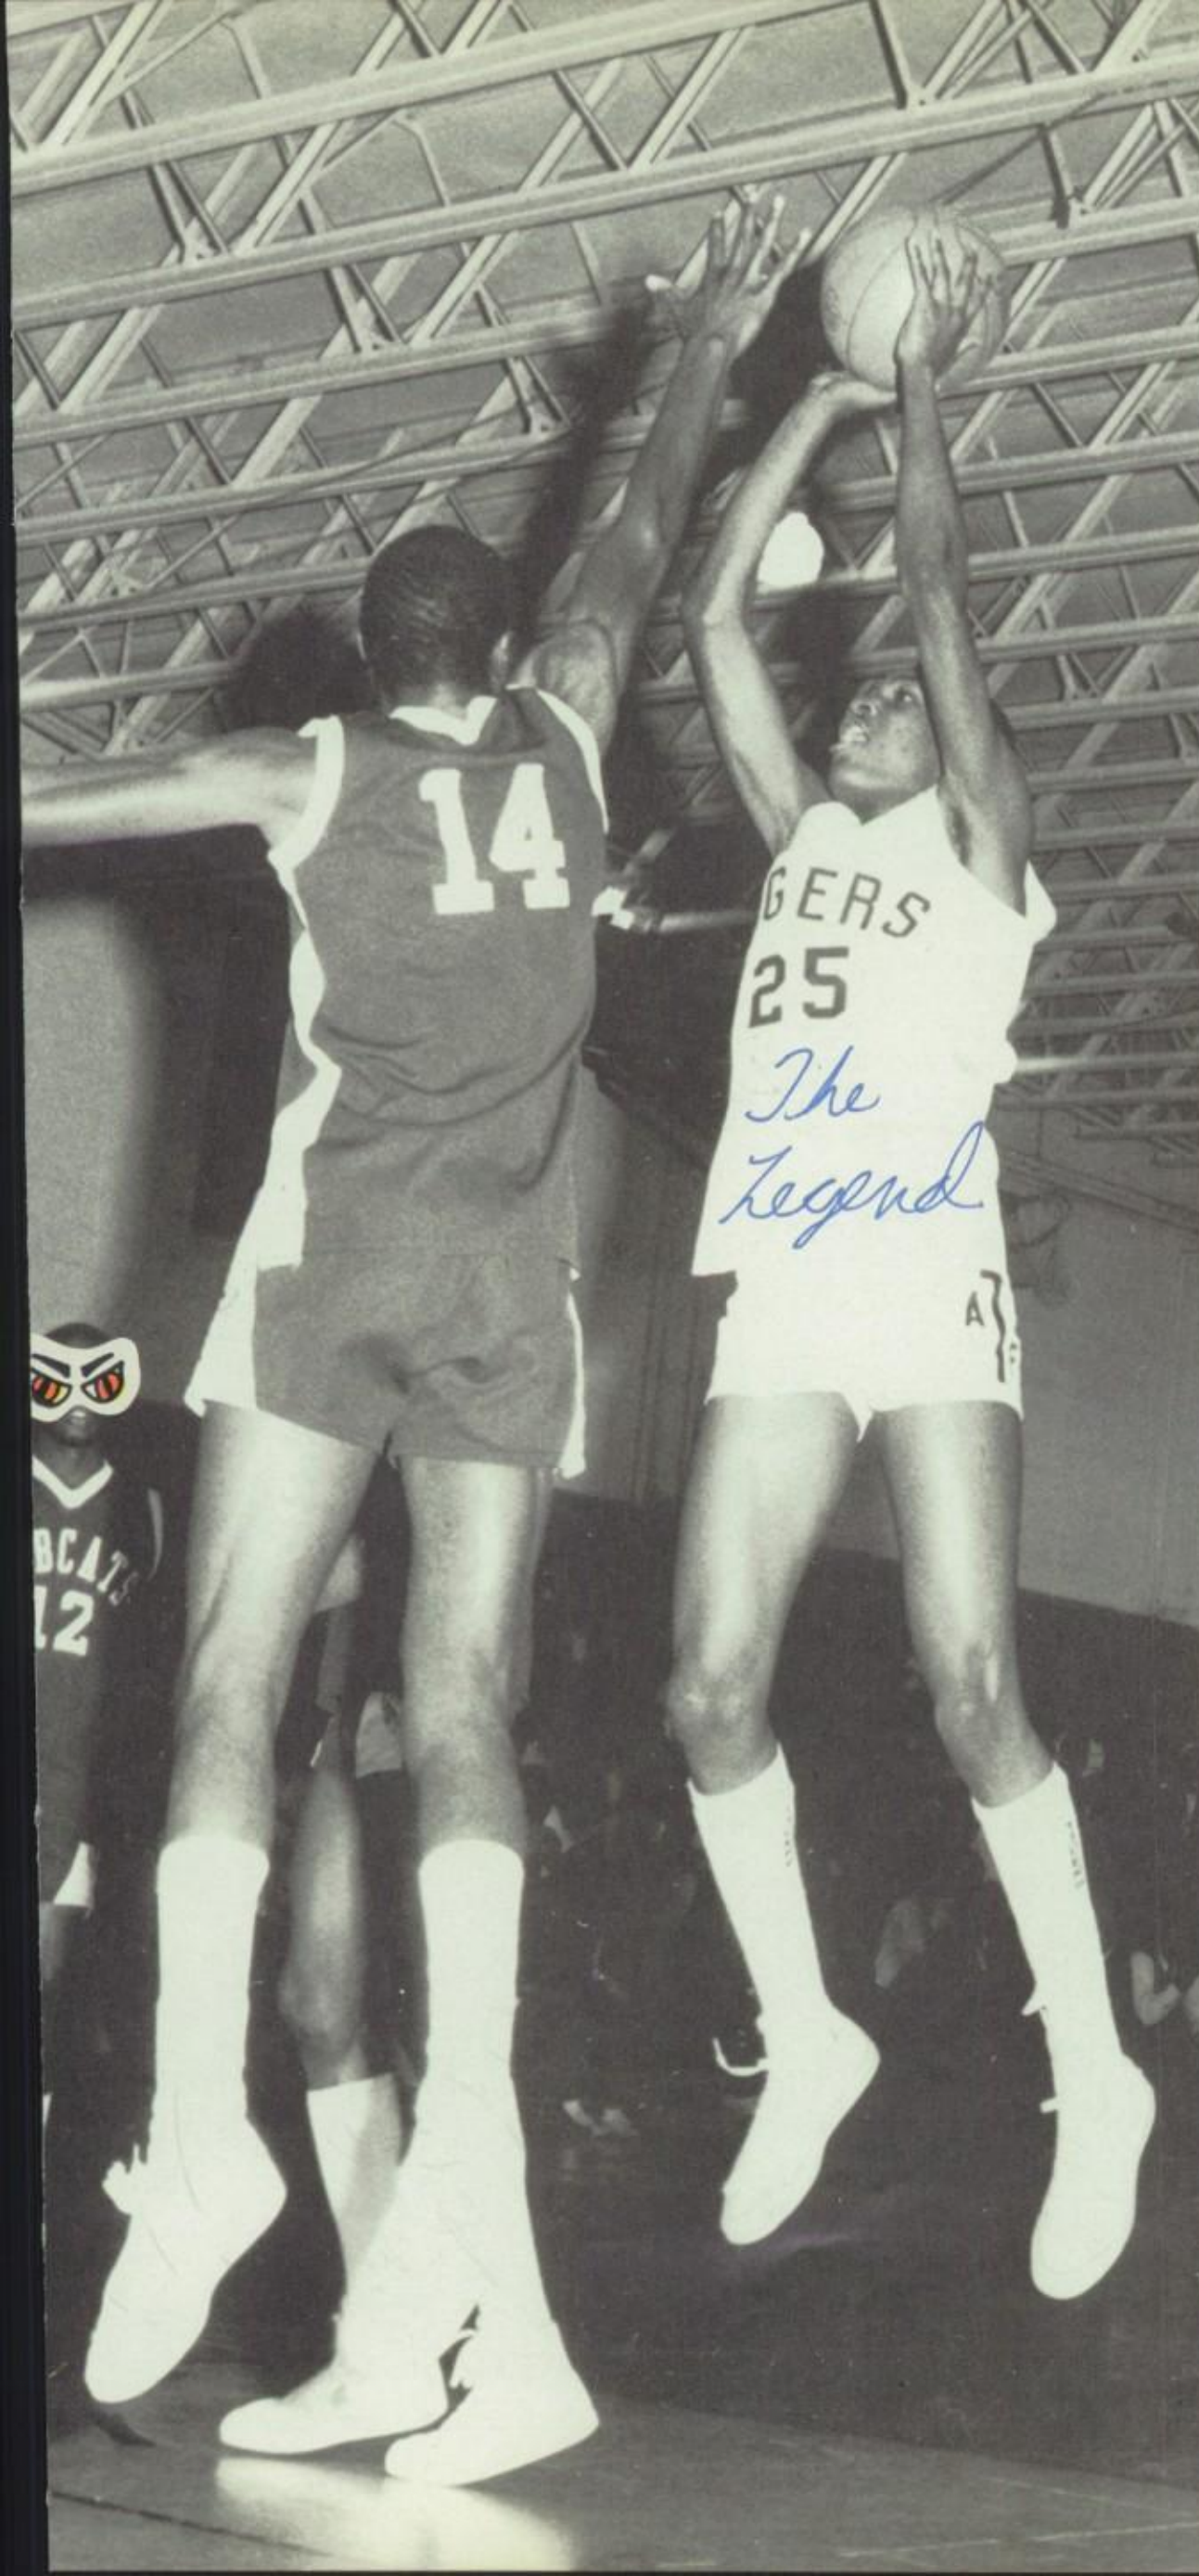

Mark Holmes, Ke-Ke Love and Willie Brown. In addition Tony Fredrick, Michael Gregory and Charlie Jenkins came "into their own."

Although the team was composed of mostly seniors, it also featured underclassmen stars such as Billy Crumley, Melvin Lofton and others newly arrived from the J.V.'s. Such perseverance can only be rewarded so the only thing that can be said is, "Watch out Carolina Coliseum, here come the Tigers!"

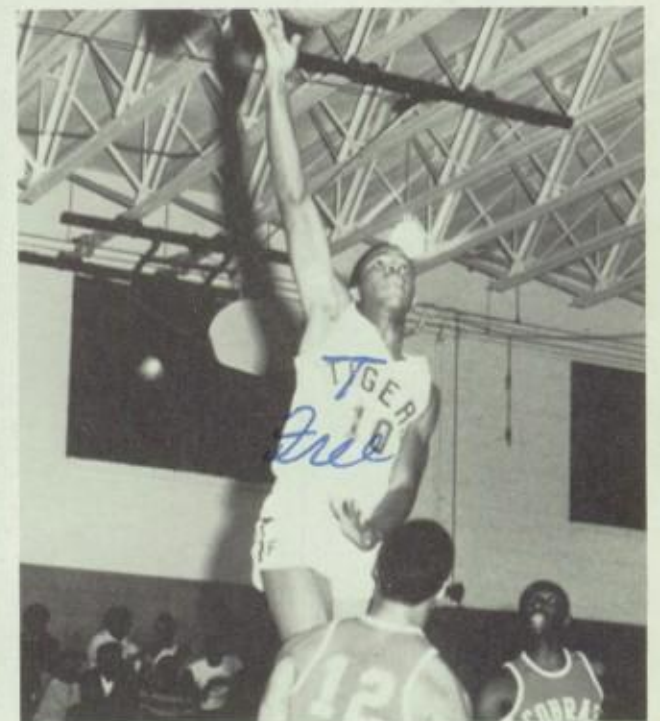

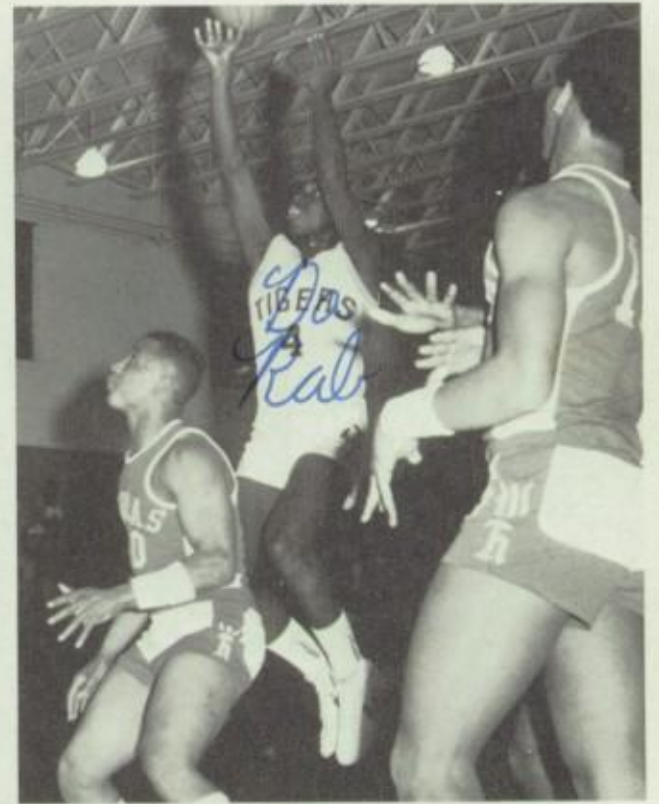

Above: **Boys Varsity Basketball Team:** Manager, Ellis Mew, Herman Gray, Marcus Riley, Kelvin Orr, Mark Holmes, and Charlie Jenkins. **Middle Row:** Coach Paul Brown, Michael Gregory, Wilbur Wallace, Coach Weatherbee, Billy Crumley, Anthony Fredricks, and Coach Tracy Epps. **Top Row:** Terance Love, Willie Brown, Melvin Lofton, and James Priester. Top right: SAE member Kelvin Orr shoots for two over Baptist Hill defender "Matthew." Being one of the high scoring players his playing will be missed next year. Right: **Acrobatic Stunts** NHS member and senior forward Terance Love and two cobra defenders display the dance techniques one must perfect in order to succeed in basketball. Far right: **Track member Michael Gregory** ascends over a Baptist Hill defender as Junior Billy Crumley looks in awe.

Center Willie Brown struggles against a defender for two to lead A-F to a victory over Baptist Hill.

Senior Mark Holmes releases the ball with intense concentration and his ever-so-famous "rabbit" jump. Why me ...? ...? ponders Coach Brown as he sits on the bench with four other faces patiently awaiting the outcome of the Tigers' fate. SAE member Tony Fredrick glides to the basket as he leaves defenders gasping in amazement.

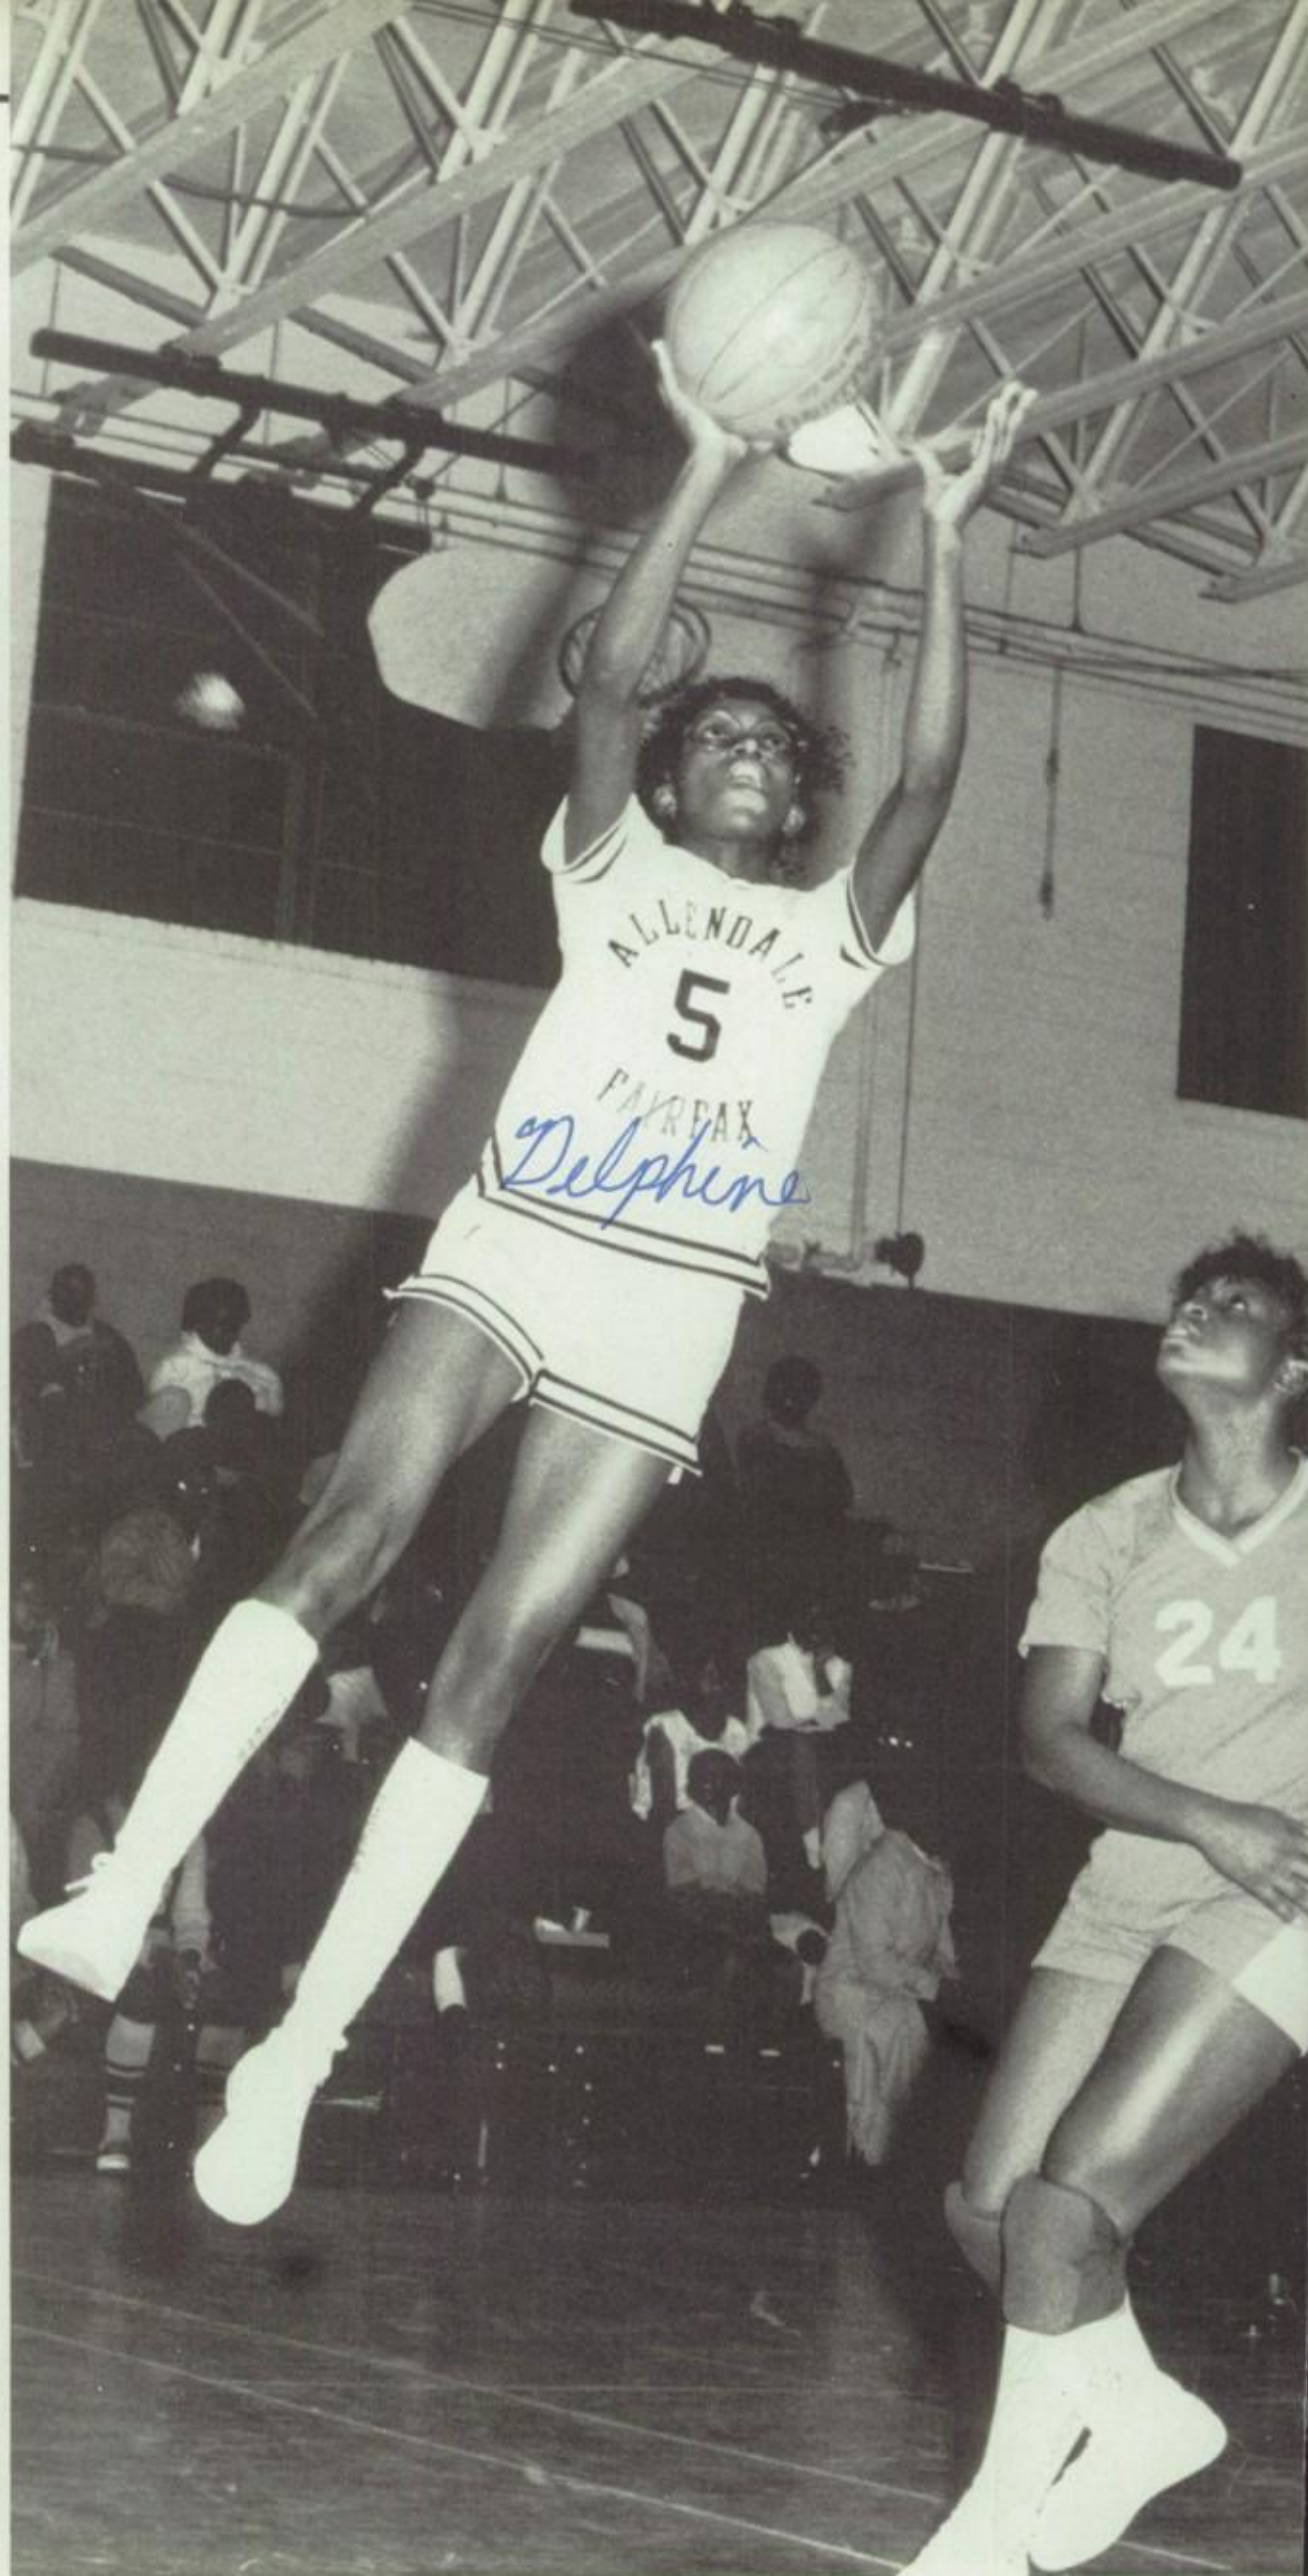

Tigerettes soar high

As any team tastes the sweet juice of victory they may also get a bitter taste of defeat; the 1984-85 Lady Tigers had few bitter moments and many sweet ones. The team this year was one of the best and were solid contenders for the 6-AA Region Crown.

Led by seniors Delphine Manuel and JoAnn Doctor, the team overcame many obstacles on their way to the top. With the addition of junior guard Valorie Randolph, who will be the one to watch next year, and freshman starters Carla Simmons, Constance Satchell, and Laverne Eady, the Lady Tigers brought Coach Adam Brown and the fans many moments of thrills. The greatest loss for the Tigerettes came from archrival Barnwell but overlooking this loss the Tigerettes rebounded. Like their counterparts, they too may be destined for Columbia this year.

Above: **The Lonesome Bench** . . . Coach Brown and his team look on with the attitude that makes you wonder if victory makes one look this solemn. Right: **Senior guard Delphine Manuel** takes the ball up for two as her opponent wonders, "Is there any stopping this girl?"

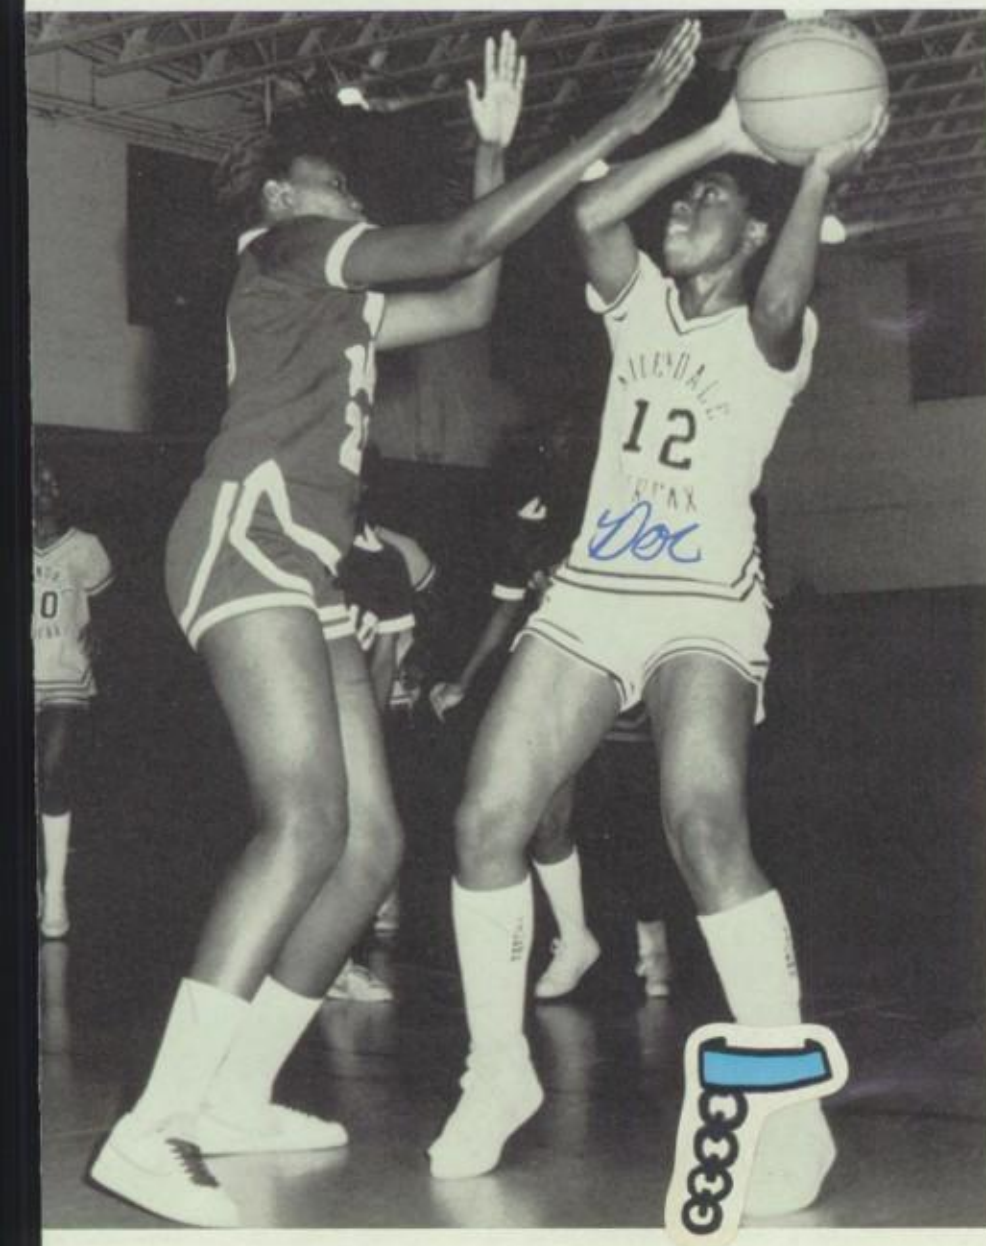

Sophomore **Constance Satchell** makes an easy two and leaves a Baptist Hill girl gawking in bewilderment.

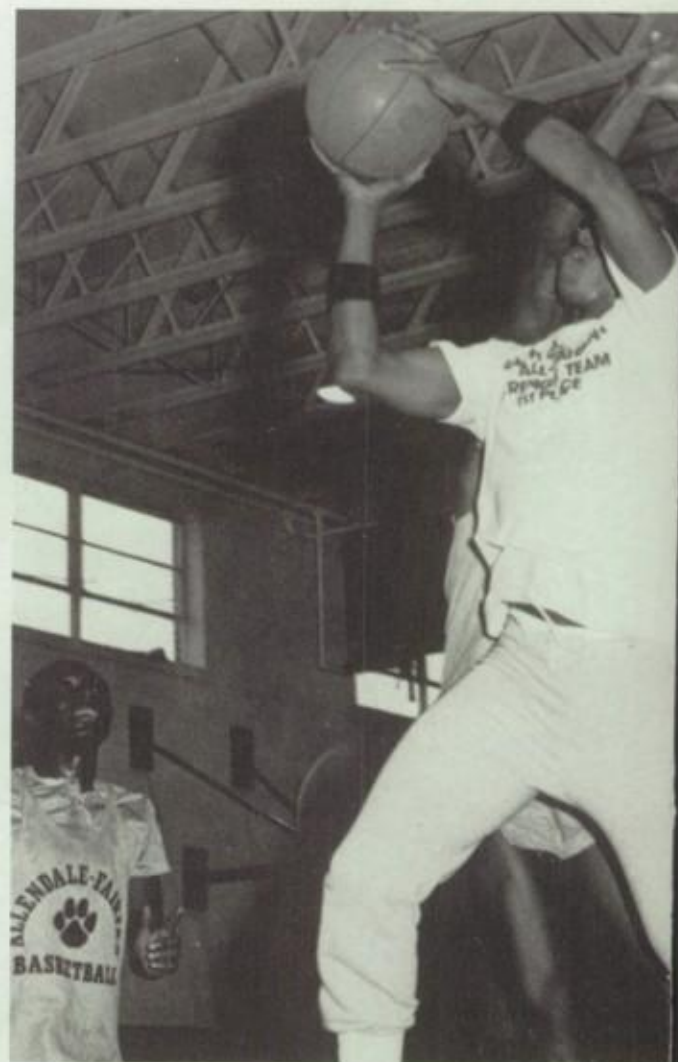

Left: **Freshman Laverne Eady** makes two easy points as teammate **Gertie Frazier** watches. Laverne has really been an asset to the team and will be as a sophomore in her coming days. Below: **Center Jenine Hoover** releases the ball under strong opposition from an anxious opponent.

Senior JoAnn Doctor attempts two points as a defender says, "Oh no you don't!" Above: **Girls Varsity Basketball Team**: **Kneeling**: Valerie Randolph, Gertie Frazier, Delphine Manuel, Pamela Fredrick, JoAnne Doctor, Oc-

Members of the girl's J.V. team are: **Kneeling:** Patricia Dunbar, Cassandra Mitchell, Pat Gray, Tracey Manuel, Stacy Priestler, and Jackie Pinckney. **Standing:** Letitia Dickinson, Ellen Brown, Coach Charlene Parks, Tonnelle Myers, Teresa Saxon, and Sonia Holmes. Far right: **Sophomore Pat Gray** displays her ball handling techniques as an amorous defender is about to approach. Right: **In practice,** sophomore Tony Harrison tries to keep control of the ball.

In a class by themselves

Year after year the J.V. Basketball teams are portrayed as future Varsity players. Yet, these young men and women are not at all merely baby cubs, but groups of determined sportsmen in their own right. Fostering their drive are the backbones of their teams — the coaches, who are Charlene Parks, our girls' P.E. teacher and Tracy Epps, a P.E. teacher at Fairfax Middle who is described as a "Carolina Yankee."

These teams undergo grueling practice just as their older counterparts but they have one original test of endurance, that of constantly traveling among the schools of the county. The girl's team both practices and plays at each of the middle schools; therefore they never become accustomed to one gym. The boys on the other hand practice in one gym and always play in another.

What makes these teams original? What about them are attention grabbers? First, they boast of squad clowns, Percy Coard, and his counterpart, Tonnette Myers. Each have been known to crack corny or even shady jokes. Giving the team an air of chillness is Travis Edwards known affectionately as Mr. Frigid because he is so cool. And what is a team without someone who can sing in the showers or entertain on the long rides home from games? To accommodate for this problem the boy's team has none other than Wendell Graham and his melodious tonsils.

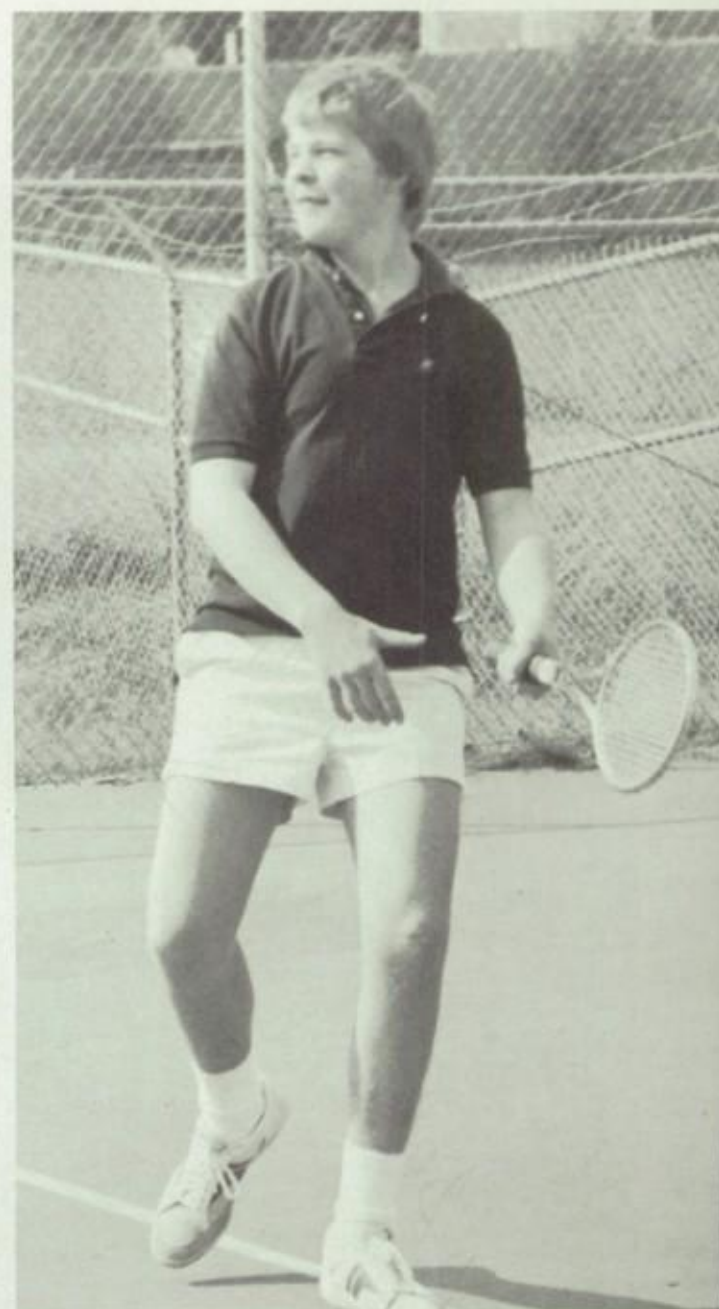

So, one must see that with good coaching, much determination and "talented and witty" players, these squads are definitely in a class by themselves and show promise for the future.

Freshman Teresa Saxon shoots for two over a Wade Hampton defender. With players like Teresa and the expertise of Coach Parks, this year's J.V. girls team was one of the best here at A-F.

A roller coaster ride

Evon Lindle, Jimmy Connors, Arthur Ashe, Daniel Sanders, Robbie Rowgowski, Gerald Perry. Just a few tennis greats, and some are from Allendale-Fairfax High. The tennis team here at A-F has been on a roller coaster over the past few years. The coach of the team, Paul Brown, cites the loss of key players as a contributory factor. "We lost four seniors off last year's team who played very well for us, Daniel Sanders, Dave Loadholt, Kenny Owens, and Robbie Rogowski. Daniel and Dave tied for the team lead in singles last year." Although the team may have lost players, Brown reminds us that, "This year our #1 singles, David Bragg, is back, along with Gerald Perry and Mitchell Mixson. So even when the big guys leave they always leave behind someone to carry on the tradition."

Far right: Sure, this will be a clear shot! Sophomore Mitchell Mixson examines his opponents serve.
Right: Sophomore Gerald Perry generates a perfect serve to his opponent.

Tennis team: David Bragg, Robbie Rogowski, Mitchell Mixson, Daniel Sanders, Gerald Perry, and Dave Loadholt.

A 1984 graduate of Allendale-Fairfax, Daniel Sanders and Sophomore David Bragg seem to be well in control of the match.

Aspirations

The Girl's Tennis Team improved tremendously this past season as indicated by Rachael Causey's four wins as a double's player. Pam Main and Sonya Henderson had two wins, each playing single and double matches. Pam showed outstanding tennis formation in her single's match against Barnwell, winning (7-5) (6-0). Sonya, who beat her single's opponent (6-4) (6-4), had to endure sand, gnats, and darkness. Windi Williams and Rebecca Gallagher, a double's team, looked like professionals as they defeated Pelion (8-4) in a pro-set. Melissa Moody and Kim Shramek, another double's team, *wiped out* Bamberg-Erhardt with scores (6-1) (6-0). Lise Speck, our ace-in-the-hole, showed enormous improvement as she substituted during the season.

These girls definitely have a great tennis future ahead of them.

Eyes following the ball, Rachel Causey lunges to connect.

"Here it comes and I know I have it," says Pam Main.

Hit n' run

Batter-up . . . What a familiar sound for all baseball fans especially those of the Allendale-Fairfax Tiger Baseball team. The program here has prospered over the years thanks to many great coaches and unforgettable players. Last year the team lost valuable assets such as Ike Grant, Jerold Bell, Kernard Dingle, and Nikki Riley. A very significant loss to the team was the coaching expertise of Coach Ron Gillespie. With returning greats such as Marcus Riley, Marc Holmes, Larry Saunders, Charlie Jenkins, Bentrice Frazier, and Rodney Donehue and the addition of a new coach, Mr. Brown, the Tiger Baseball team should reach even greater heights.

Watch Out Gibson . . .

Here comes Ike Grant. Here Ike demonstrates the facial expression that must come to complete a successful pitch.

Run as fast as you can

On your mark . . . get set . . . Go!!! And "go" was just what our track team did last year. "Even though they were a small team, thanks to the leadership of Sam Altman, we were 1-2 in the conference and placed 2nd overall," observed Coach Ramsbotham. He further added, "We also got lots of help from the first year people such as Micheal Mew and Michael Gregory." The Track Team also had a strong girl's showing for the first time in a few years. Coach Ramsbotham noted, "We had a good nucleus for a girl's track team, although there were only five girls, they placed well in the conference and should be a strong beginning for this year." With the experience and optimism of Coach Ramsbotham and the entire team, this year should be one of the best for the track team.

SAE member Michael Mew soars as he practices in the long jump event. Michael, a Senior, also played JV football in his Sophomore year.

Moral triumphs

Although this year's volleyball players didn't have an obviously victorious year, they have established a stepping stone and achieved moral triumphs. The A-F spikers can look forward to victory next year and can also look forward to making a good chance at the playoffs. The nucleus of the volleyball team will return next season. The netters picked up some wins over Estill and West Hardeeville but lost games to others.

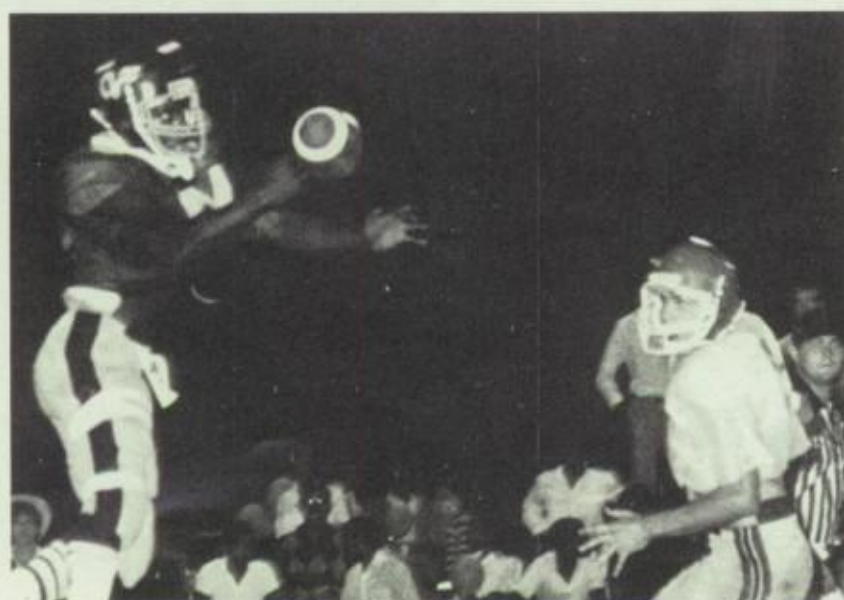

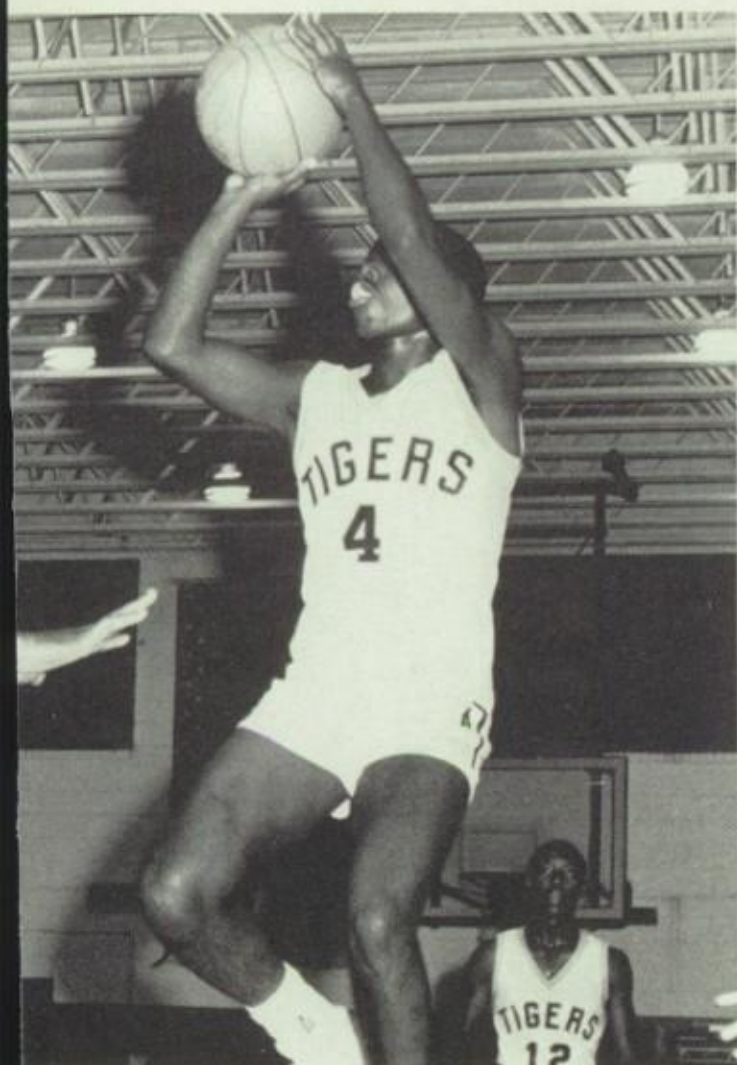

The United States Olympic Volleyball team can indirectly claim the revival of the volleyball spirit at A-F. This year the crowds have been more attentive and the games have become more exciting.

Collectively, the team may have lost games as a unit but have gained a valuable lesson in respect. They have learned to cherish and appreciate hard work. With these factors behind them they can expect to go farther than any other team.

On the move!

Who travels with the football and basketball teams? Who lends unfailing support? Who bestows joy and spirit at the games? The Cheerleaders, of course!! They add pep and inflame spirit every time they cheer, chant or sing.

For the first time, two sets of cheerleaders were selected this year — one for football, one for basketball. Another first was the new sponsorship by Miss Sheila Leath who cajoled and in-

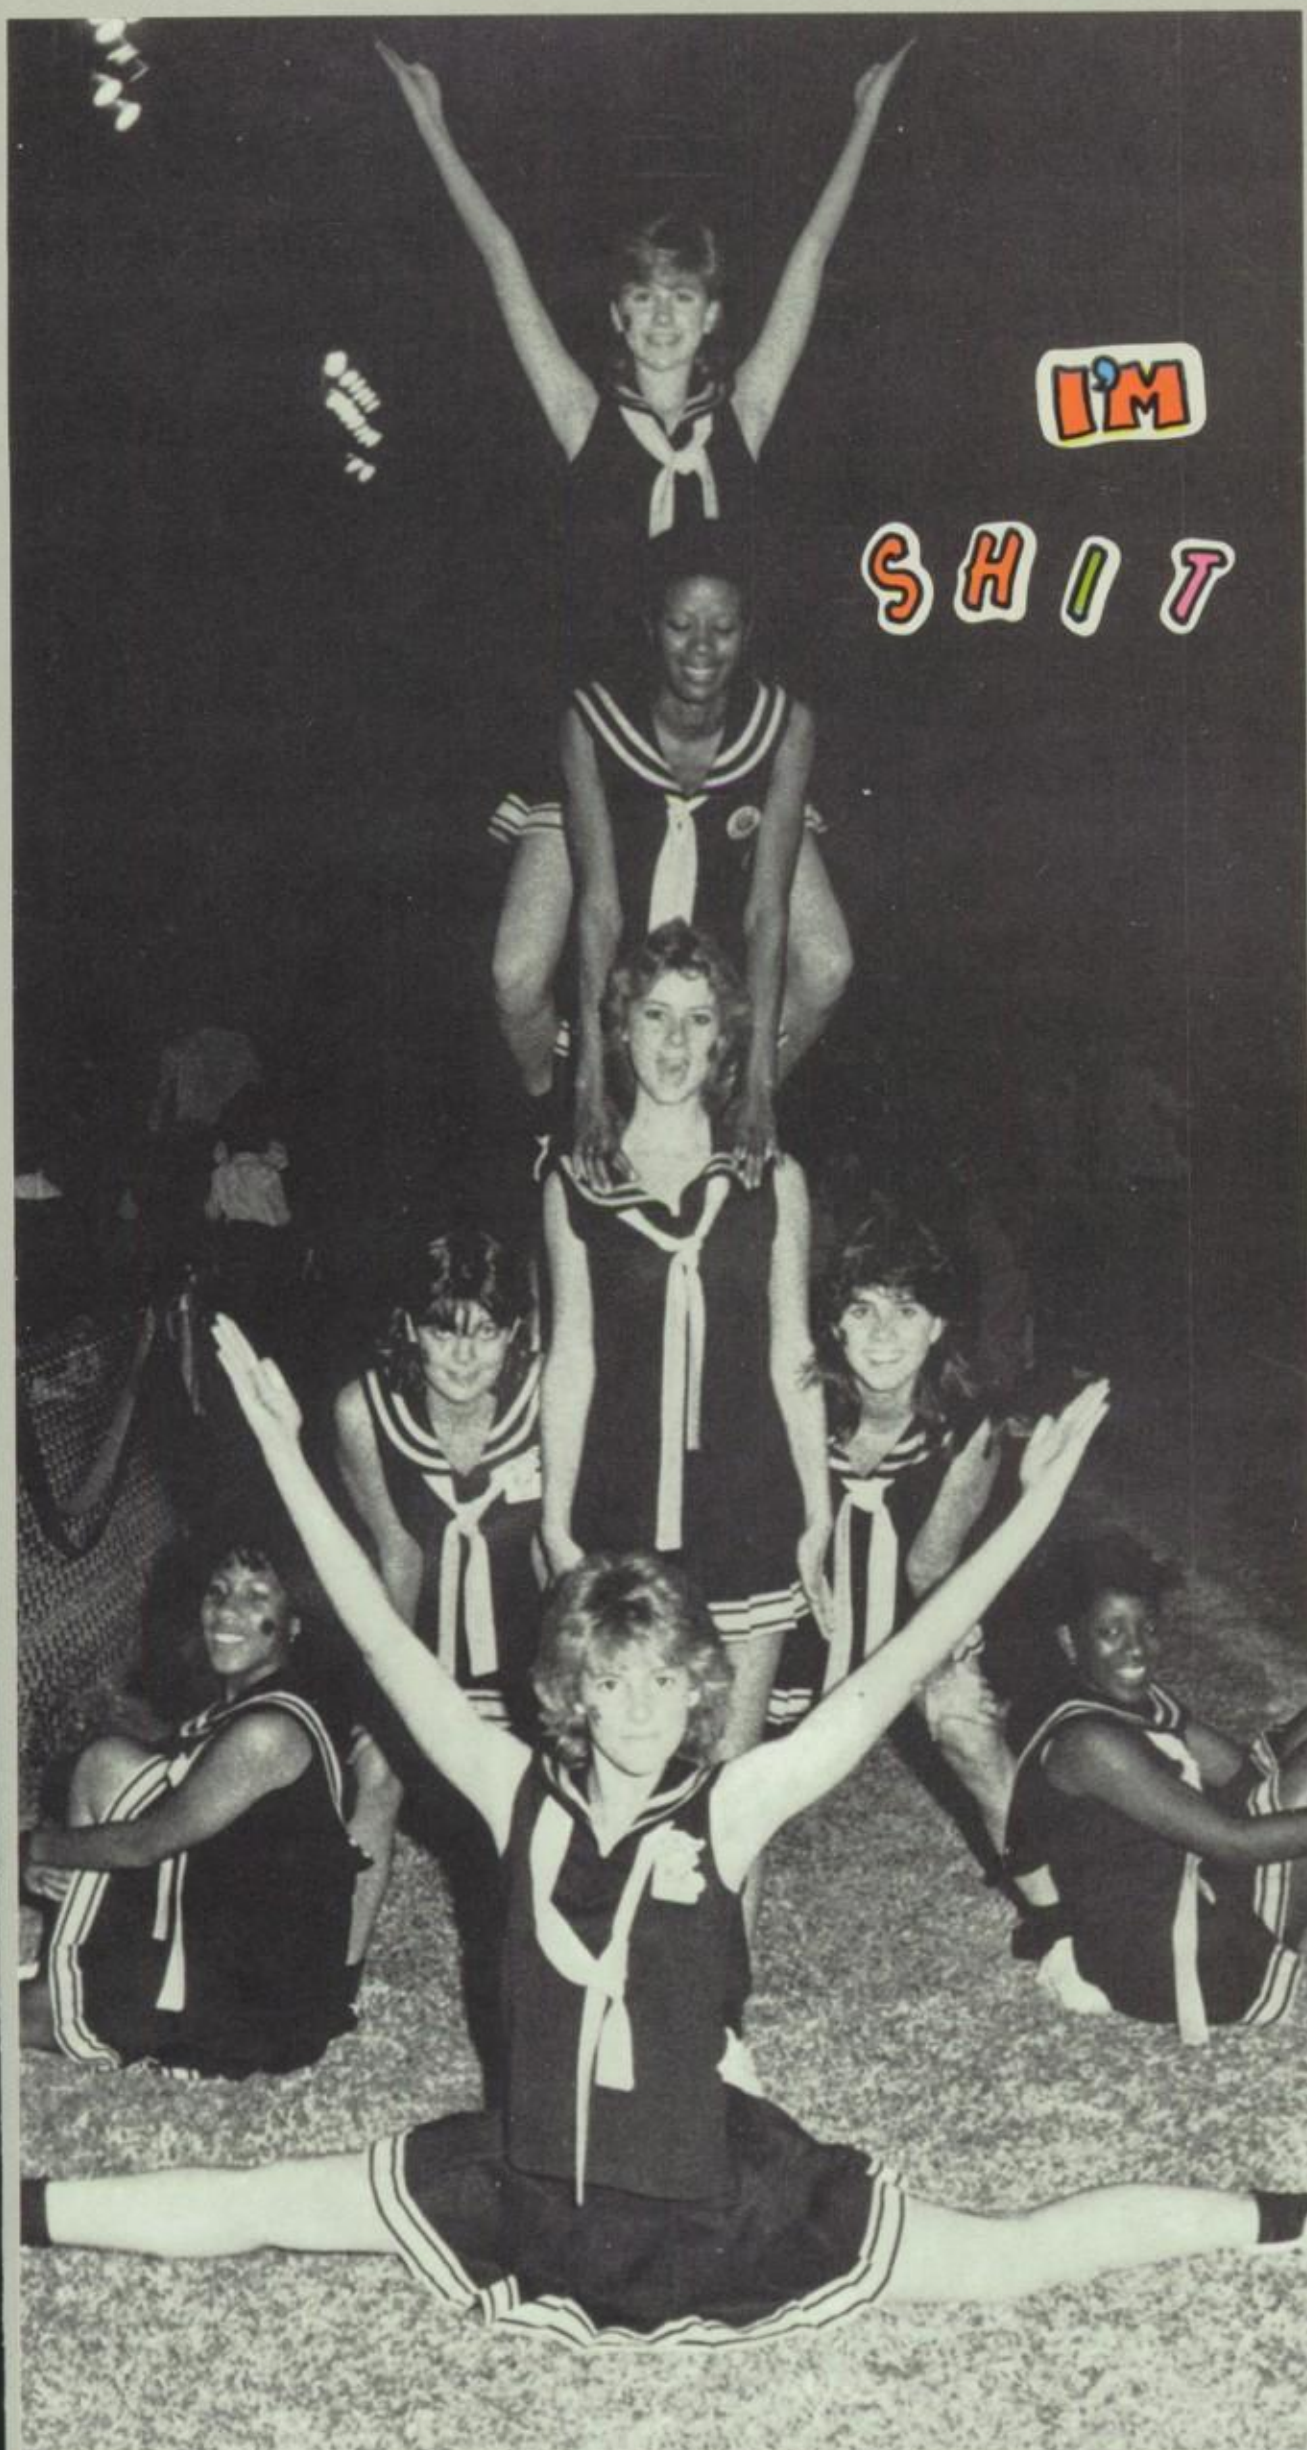

spired these girls to assume a new, vital image. Prior to Miss Leath's arrival, Mrs. Cynthia McMillan put the football cheerleaders through professional workouts. These girls not only trained but also became involved in fundraising by washing cars.

The new spirit and "professional" training was quite obvious throughout the seasons. We have reason to take pride in these girls who are "On the Move!"

Above left: **Sporting new uniforms** are the Football Cheerleaders: Rachael Causey, Carla Priester, Eva Holmes, Sonya Henderson, Melissa Moody, and Caroline Priester. How about these girls! We think they are real winners. Above right: **Exchanging confidentialities** during the game are Melissa Moody and Sonya Henderson. The tiger twists his tail and pretends not to listen. **Posed at the scene of their activity** are the Basketball Cheerleaders: Antoinette Brown, Sherry Porter, Eva Holmes, Roxanne Kelly, Etta Jean Roberson, Lucinda Rollins, and Bernice Scott.

Proving that long hot summer days of grueling practice will pay off, the 1985 Football Cheerleaders triumphantly display a precise pyramid. These girls polished their athletic grace through aerobic exercise and thrilled fans with their expertise. **From Top to Bottom Are:** Caroline Priester, Tonya Doctor, Rachel Causey, Jessica Diehl, Melissa Moody, Carla Priester, Sonya Henderson and Eva Holmes.

Present at all ball games is our ever faithful mascot, the Tiger. It's an honor to be selected to wear the suit — even if it's hot.

"Up and down girls." After this cheer, there's a stunt. Oops! Sherry lost her balance in an abortive pyramid that leaves the cheerleaders laughing.

School board makes aggressive action

Bond referendum for proposed new school held in March

Progress is in the making! Presently the School Board for Allendale County Schools can be characterized by "aggressive action." The School Board is making a great effort toward getting a bond referendum for the construction of a new high school. Built for 400 students 29 years ago, the present school facility is now over-populated and in need of new equipment for the modern age.

The School Board is a group of elected officials who are chosen by the residents of Allendale County. The School Board consists of five officials which are elected by districts. This group of elected officials had the responsibility of setting all policies for the county school system. When controversy arises within the school system it is taken to the Board for examination. The Board also has the responsibility of selecting the County School Superintendent, and hiring all of its teachers. In times of great educational reform such as we have now in South Carolina, citizens who are elected to serve on the board have grave responsibilities. The future of Allendale County is in its young people; these five citizens are charged with making decisions which will ultimately affect the development of these youth.

Each year since 1977, the Tigerama has urged the board to put into motion plans for a new school facility. We salute them for their aggressive action this year.

A man for all seasons

Superintendent and principals shoulder responsibility

"May I have your attention, please, for the morning announcements! Will the following students please report to my office . . ." One might think this is all the administrators of our school have to do, but this is only a small part of it. Your, so-called "evil" principals are responsible for many things of which students are blind. Your administrators are "somewhat" responsible for each student during the school day and ultimately have

great effect on our lives.

They must be experts at organization, management, personnel, accounting, maintenance, public relations, transportation as well as the more obvious things such as curriculum, athletics, discipline and testing.

So the next time you see your principals or those behind the scenes, give them a smile. They will appreciate it.

Perspectives

Our past paves the road to the future so the saying goes. Recorded history gives us an advantageous opportunity to go back and analyze, describe, and evaluate the society which existed in the past. The area of Social Studies includes such courses as Geography, World History, U.S. History, and Economics and Government. Students taking such courses will find that their studies aid in evaluating the problems, changes, and progress of our world today.

On the other hand just think of all the many stacks of study sheets which will accumulate by the end of the year. And let us not forget about the fringe benefits; some students receive a free subscription of *Time* magazine! However, some people will argue that it is hardly a fringe benefit and that you do pay a costly amount for the "free" magazine — your three page current events test!

Grasping our language

What has been with us ever since we could mumble the words "ma-ma" and "da-da"? Yes, that's right, the English language! English has been a part of our lives ever since we've been able to say our alphabet up to our reciting of such poems as "Annabel Lee" and the reading of such novels as the *Grapes of Wrath*. English is a four year requirement for all students and it is a necessity if you are planning to graduate. Strangely enough, English has proved to be the most liked and the most disliked course among the students at A-F. Let us remember that wisdom is obtained when we allow ourselves to be caught up into the mystery of learning.

MISS BRENDA BAXLEY
English III, IV

And indeed learning English is a mystery. Is there any other language whose grammar rules have so many "exceptions." And how is it that "enough" and "cough" and "bough" don't rhyme? Pity the poor foreigner being exposed to our mother tongue for the first time. Maybe we would be more at an advantage learning English as a foreign language.

Pragmatic analyzations

What is water? No, not that clear liquid you drink, nor that wonderfully bouyant substance you swim in on lazy summer days. No, it's something science teachers expound upon as a compound — you know, “a combination of two hydrogen atoms and one oxygen atom.”

And so, on it goes. All of our favorite fantasies of the glories of the Earth are reduced to pragmatic and mundane analyzations. Worse yet, we have to be able to consume and internalize these mind boggling facts. In our more reflective moments, however, we will admit that grappling with these obscure hypotheses and working through the scientific method will prepare us for the advanced courses of science in college. Until then, please pass the NaCl.

Running the gamut

Mathematics in a computerized age

All right, so it's not your favorite subject. So you say even Einstein flunked math. (Or did he?) Nevertheless, mathematics is one of the most important developments of human knowledge. (Profound, huh?) It is used in everyday life, in science, in industry and in business. The use of math covers the gamut from getting the right measurements for chocolate fudge to making computations for space travel. So it's here to stay.

Because of the importance of math in a computerized age, several significant areas of math are provided for us. In 1986-87 we will add calculus to our curriculum. These courses are very beneficial to ambitious students who plan to pursue such careers as engineering, astronomy, physics, chemistry, medicine, accounting, education or even tax collecting. And would you like for someone to hang your wallpaper without knowing how to measure? Enough said.

Finesse

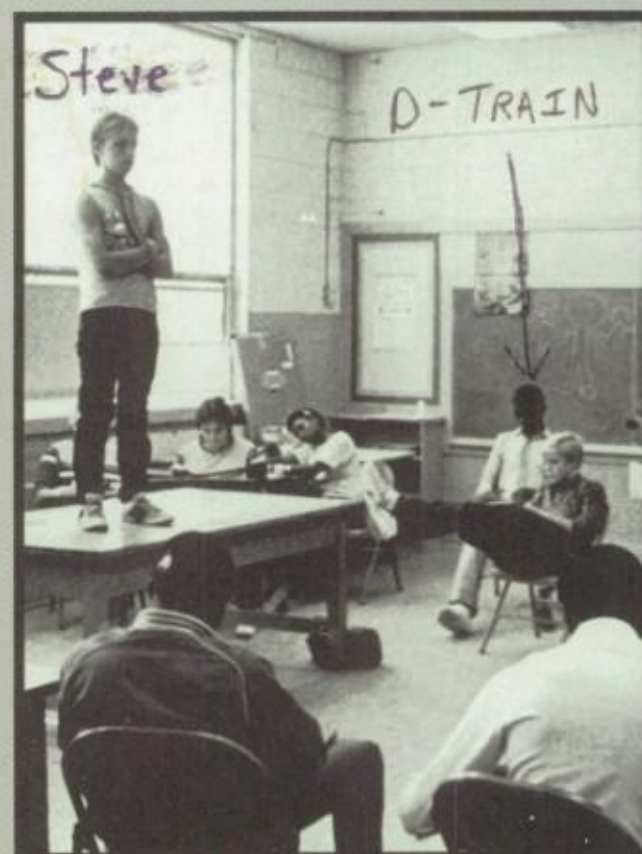

What is considered to be fine art? The "Mona Lisa." No? Guess again. Fine Arts at A-F is considered to be music, French, Home Economics, and the Library or Media Center. All of the above require a considerable amount of time, skill, practice, and above all finesse.

The skill of execution says much, especially when you've been dropped off in the middle of France and you have to speak French because nobody around you understands English. N'est pas?

Practice makes perfect so the saying goes, especially for students taking Home Economics courses. Don't fret if you were assigned to bake a red velvet cake for the class Christmas dinner and you forgot to put in the red food coloring. There will be next year! That is if you're not graduating.

E-G-B-D-F, Every good boy does fine. Players, you must remember these notes even if you forget your name while doing it. Getting to the serious side of things, the Library Assistants with their unrelentless desire to be of service to the students of A-F provide a great service indeed! These students should be commended for their willingness to give up their study halls for the sake of their fellow classmates.

No matter if the above grouping is not the usual "Fine Arts." It all depends on your perspective.

Homemaking

or how to survive when the bottom falls out

You have a sit down dinner for eight this evening. Your baby has cried all day, the washer is about to go into orbit and your cake has just fallen. What to do? Don't panic. You had three years of Home Economics under the Mrs. Harneys didn't you? Not to worry. These classes have prepared you in homemaking skills. Remember the quick, "company is coming" recipe for dessert? And didn't you learn how to calm that fretful child in Home Ec III? Well, maybe you can't fix the washer but two out of three isn't bad.

Smile. It's time for guests.

During a meeting of FHA/HERO, John Youmans, Teresa Riley, Stacey Graham, Mrs. Barbara Harney and Renee Polite confer on plans.

In the introductory Home Ec. I class, Mrs. Vernia Harney demonstrates the use of the microwave oven to Tina Kearse and Linda Maner. The department seeks to expose all

students to a variety of homemaking techniques and methods. Three years of study in this discipline provides the basis for many useful lifetime tasks.

Body and soul

Keep that head up! Straighten those knees! Lean to the left! Lean to the right! Is this a sample version of boot camp or a typical day in P.E. class? You guessed it — a typical day in P.E. class.

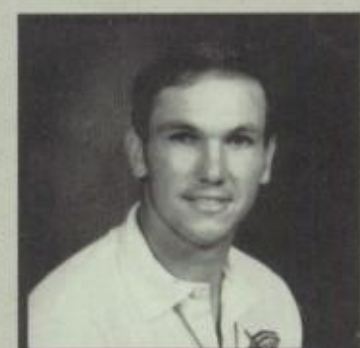

P.E. is probably the easiest course, next to study hall, to get through with little or no pressure. There aren't any books to add to your collection, no homework to pull hairs over, no 48 minute lectures, or five page term papers; just a mite of toil and sweat along with a lot of body and soul. Physical fitness — keeping fit and feeling good. This is the major source exerted in P.E. and this is also what makes athletic and nonathletic students have a broader outlook on the importance of being healthy. So let's Get Physical!!

Foundations for careers

The Allendale-Fairfax Vocational School serves a vast purpose. It sets down the foundation upon which many students begin building their lifetime careers.

The Vocational School is set up on a three block course system, with a few exceptions such as Personal Typing. The Vocational School offers a variety of courses such as Cosmetology, Masonry, Machine Shop, Building Construction, Air Conditioning and Refrigeration, Agriculture Mechanics, Auto Mechanics, Pre-Vocation, Industrial-Sewing, and Electricity.

The Vocational School allows many students who are not planning to attend a 4-year college an opportunity to become skillfull in a particular area or field of study, which they can further pursue at a technical college of their choice.

Salutes and Plaudits

Working closely with the professionals are those few indispensable support persons who help smooth the procedures in the educational process.

Our highly skilled staff of secretaries and assistants deserves salutes and plaudits. Trying to keep seven hundred students enrolled, typed-up, recorded, tracked and monitored is not easy. No wonder the teachers "could not do without them"!

Creating an ambience

What would our school look like if it weren't for the custodians? What would you eat for lunch if it weren't for the cafeteria workers? The custodians and cafeteria workers are very essential to the well being of the school. The custodians help provide our school with a pleasant surrounding and atmosphere. The cafeteria workers are definitely to be credited for providing hot balanced meals for the students of A-F. These dedicated people are truly as much a necessity as the faculty and administration. In fact, they play a dominant role in the intricate system of education. We appreciate and thank you for your services.

Cafeteria Workers are **First Row:** Mamie Fields, Vorse Cave, Ernestine Singleton. **Second Row:** Alma Washington, Pearl Smart, Ms. Nora Conner. **Third Row:** Mary Grant, Dora Chaney, Annie Mae Hamlet, Willa Lou Grant. **Custodians** are Mr. James Mixson, Ms. Catherine Brooker, Mr. Ben Wilson.

12:20 Crew (Lunch!!!!)

Let's go crazy

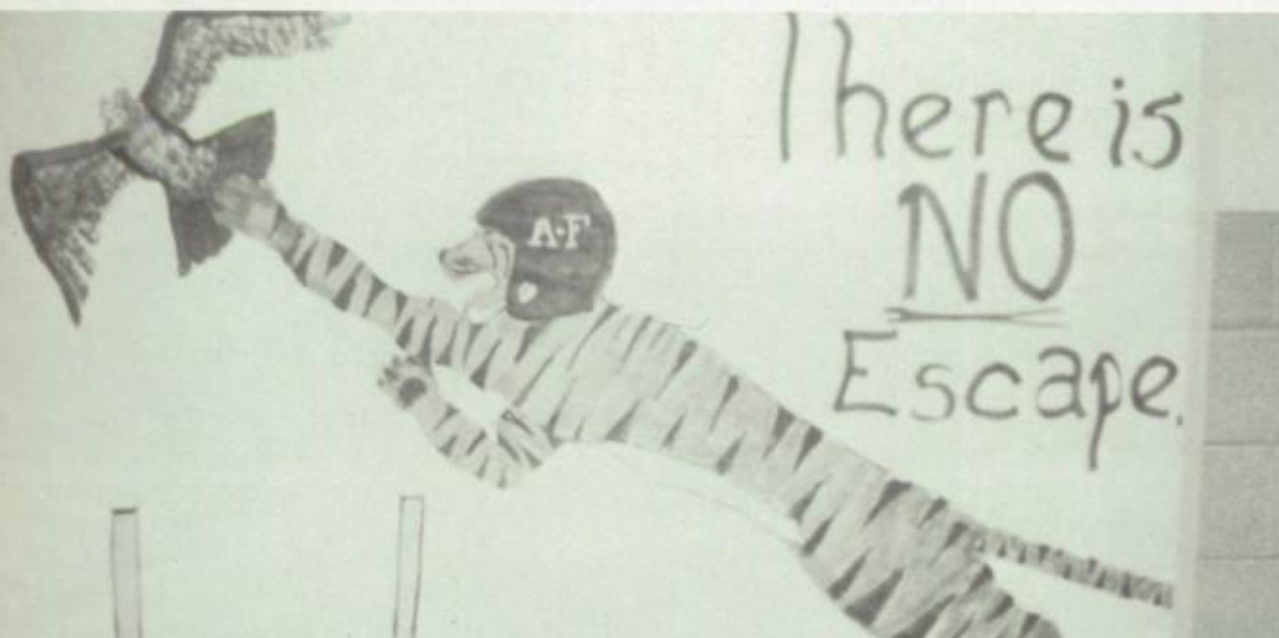

Spirit (spīr-īt) an unusual, special sensation that is shared among the many students of Allendale-Fairfax High.

This is the true meaning of spirit at A-F, and it is most expressed during Homecoming Week when students participate in various activities on specific days of the week. The special spirit of A-F is always expressed in a unique way that touches every vibrating soul on A-F campus. And those five exciting days bring out the true importance of A-F — "We've **got** to **have** the spirit and we've **got** to **keep** the spirit."

This year the week progressed with Hush Day, which was especially for the Varsity Football players; Hobo Day, a traditional favorite; Punk Rock Day, a far-out experience of punkish clothes, weird shades and wild makeup; and Hats and Shades Day, a quite chilly notation; and, of course, Spirit Day, the true summary of it all.

On that night when the mighty A-F Tigers beat the squawking Seahawks, Miss Althea Cohen was crowned our lovely Homecoming Queen of 1984. Let this special spirit continue to rise!

Is it a boy, or is it a girl? What a question! It's junior **Kenneth Morris** showing one of his moves on roller skates.

The capturing of the Seahawks by the Tiger was an outstanding attraction in the hall decoration contest and helped the seniors surpass the underclassmen to win the decoration prize.

During Punk Rock Day, Renardo Smoaks and Cassandra Mitchell take time out to pose for a photograph.

Who are these two beautiful young ladies? Seniors, **Sherrlyn Porter** and **Delphine Manuel** model their attire on Hobo Day.

The **Big Night** finally came. Caught in the estatic moment of "The announcement" is **Althea Cohen** and her escort **Reynold Simmons**.

Punk out girls! **Pamela Main**, **Lise Speck**, **Inez Harvey**, **Windi Williams**, **Rebecca Gallagher**, and **Caroline Priester** show us their version of punk rock.

The **Tiger Den** was featured by the Sophomores during Spirit Week. The den was composed of the remains of the Tiger's victim — the Seahawks.

Sneaking a kiss before class begins are Sophomores **Rose White** and **Perry Kearse** in their lovely attire on Hobo Day.

Ceremony and festivities

MISS ALTHEA COHEN

With the presence of balloons, banners, posters, football players, queens and escorts, there was bound to be excitement. The 1984-85 school year was boosted off by the exciting events of spirit week and the ever popular Homecoming festivities such as the election of class queens, the selecting of the three finalists, the crowning of the Homecoming Queen during the halftime events on the night of the game, and last, but not least, the game!

The three finalists for Homecoming Queen were Antoinette Brown, Althea Cohen, and Valerie Riley. With their hearts beating and the holding of breath, the crowd sighed relief and then rejoiced after Althea Cohen was crowned Miss Homecoming.

Our opponents for the Homecoming football game were the Hilton Head Seahawks. The Tigers came out with an overwhelming victory of 35-14, which added an extra spark of fire to the overall spirit and excitement of the Homecoming festivities.

An evening of traditional delights

After being announced as the winner **Althea Cohen** begins her reign with the assistance of **Mr. Singleton** as he places her on the car.

Ecstatic about being a part of Homecoming are **Byron Drayton**, the crown bearer, and **Darsha Youmans**, the flower girl. Behind them are Sheila Ingram (MISS JUNIOR), Carlos Mikell, Antoinette Brown, Steven Bennett, Althea Cohen, Reynold Simmons, Valerie Riley, Michael Gregory, Angela Villard (MISS SENIOR), James Kearse, Cassandra Mitchell (MISS SOPHOMORE), and Michael Mew.

Walking on the field is **Antoinette Brown**, one of the Homecoming finalists, escorted by **Steven Bennett**. Antoinette is an active member of the Beta Club, SAE, FHA, and the yearbook staff.

Running the show

Student Council is a club designed to promote leadership roles and develop school spirit and school pride. The Student Council is mainly responsible for those festive activities that filter excitement throughout the halls of A-F such as "Spirit Week," the selling of pom poms, bonfires, and especially Homecoming.

Students desiring to hold an office on the Student Council must conform to a specific criteria in order to be eligible to run. The Student Council is one of the few clubs whose members are elected officials. A member of the Student Council has certain responsibilities that he or she must carry out. Members must demonstrate qualities of integrity and reliability.

A-F's Student Council has worked hard to make this school year an enjoyable learning experience for the students. Your goal has been met. IT'S BEEN A GREAT YEAR!!!

Top: **Student Council President Eddie Coker** takes out time from the monotonous routine of school to enjoy a little bit of socialization. Middle: **The prominent leaders** of Student Council: President, Eddie Coker; Vice-President, Stephanie Drayton; Secretary/Treasurer, Shelia White and Parliamentarian, Gerod Singleton. Bottom: **Student Council Officers: Kneeling:** Parliamentarian, Gerod Singleton; Secretary/Treasurer, Shelia White; Vice-President, Stephanie Drayton and President, Eddie Coker. Advisor, Mrs. Betsy Ramsbotham; Valerie Riley, Terrance Love, Marcus Riley, Angela Kinard, Derrick Allen, Percy Coard, Livingston Youmans, Althea Cohen, Cassandra Mitchell, Sonya Garvin, Althea Smith, Shontell Devore, Karen Rice, Pamela Coard, Tracy Riley; Ms. Brenda Baxley.

BIG things come in little packages . . .

The editors, the staffers and the advisor are just the little things that play a BIG role in the publication of the *Tigerama*. Every year reliable workers are chosen to dedicate their time and service to the successful making of a yearbook.

Privately working behind closed doors these staffers diligently construct all the memories captured in pictures into wonderful pieces of art. Tuesday afternoons and Saturdays are unquestionably sacrificed for this purpose. The productive work of a yearbook staffer begins the year before when yearbook workshop sessions are held for new staffers. Their work continues throughout the summer searching for prospective buyers to sell ads to. A staffer's work never ends because when a new school year starts at A-F these diligent workers begin their long, hard toiling hours by selling yearbooks to insensitive homeroom students.

Every staffer knows the pressure of meeting a deadline: the hectic deeds of getting layouts drawn, pictures captioned, copy written and an index numbered and typed for 760 students. Any true staffer knows the importance of a yearbook, because without a yearbook a school has no spirit. A school without a yearbook is like a rainbow without any color.

Newly acquired staffer, Rennie Nichols, shows off her excellent typing skills to co-staffer, Cala Harter.

Above: Proud members of the 1984-85 Yearbook Staff: Cala Harter, Julie Foster, Jim Kears, Darrell Haynes, Sherry Roberts, Stephanie Drayton, Antoinette Brown, Barbara Rouse, Gwen Holmes, Tracy Hallman, Rennie Nichols, and advisor, Mrs. Duane Barrett. **Left: Staffers** Jim Kears, Stephanie Drayton, Darrell Haynes, Tracy Hallman, Angela Villard, and Sherry Roberts, experience the agony that staffers must go through to attempt to meet the upcoming deadlines.

Servitude

A notably important service organization at Allendale-Fairfax High is the National Honor Society. This organization offers many charitable services and helpful suggestions to the community as well as A-F itself. After inducting six new members at the beginning of the year, the group looked forward to making activities before the May District Convention.

This year the NHS began its services with the Great American Smoke Out Day; stickers, pamphlets and adoption papers were issued to interested students. NHS also sponsors a successful Blood Drive every year at A-F, but this year they worked with the town in receiving pledges for after school donations.

Along with its services to the community NHS also offers service activities to the students; for instance, plans for a Knowledge Challenge, a Welcome Dance for new members and an NHS/Beta Basketball game were made.

NHS also has fundraising projects that help the club raise money to enjoy a trip. The club held a successful Bake Sale during the cheery Christmas season, and they also had a successful candy sale.

Taking charge of the NHS meeting is President **Andre Patterson**. They have made big plans for another year of service projects. Keep up the good work NHS. We're pulling for you.

Standing patiently in the cold are the very distinguished members of the National Honor Society. This group takes part in raising money for the Easter Seals, the American Cancer Society, and the March of Dimes. **Mrs. Linda Williams** and **Mr. Nathaniel Harper** are advisors to the group. The members are: **Top Row:** Sheila White, Stephanie Drayton, Julie Foster, Valorie Randolph, **Middle row:** Herbert Addison, Eddie Coker, Terance Love, Marcus Riley, Mr. Harper. **Bottom row:** Mrs. Williams, Gerod Singleton, Guendolyn Holmes, Andre Patterson, Caroline Priester, Tammie Priester, Robert Bowers, and Sherry Roberts.

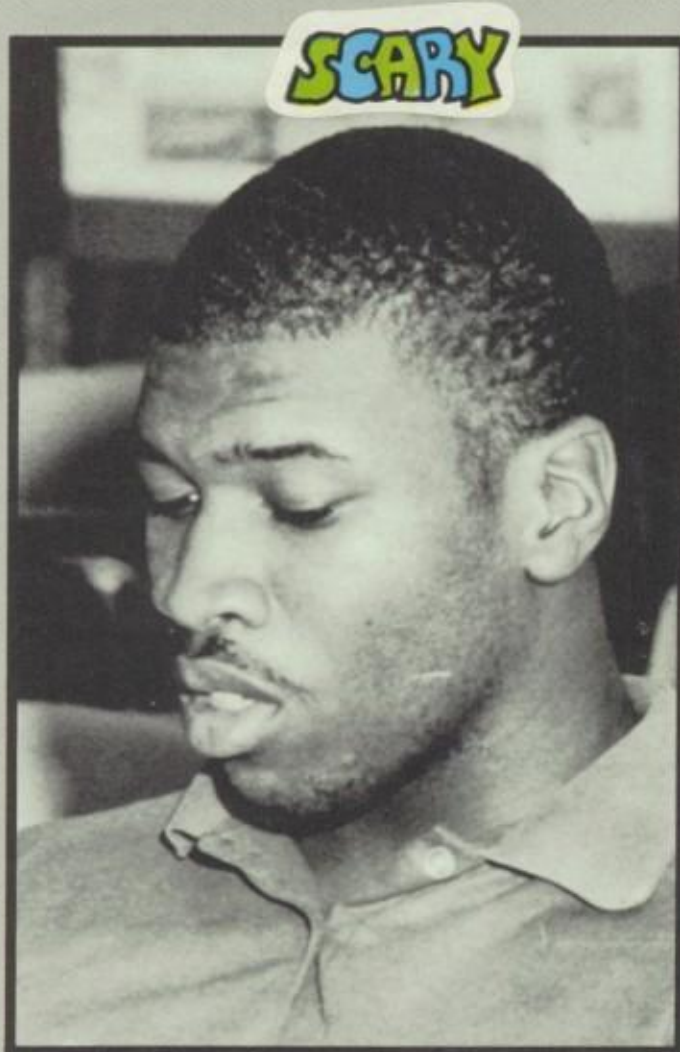

Discussing Business at the meeting are the mentors Mrs. L. Williams and Mr. N. Harper.

Sharing and caring

"SAE really cares about people. We raised money which was donated to the Heart Association. We also had a program for senior citizens," noted Sherilyn Porter. These students are really in action. Those who join this club indicate a serious interest in education. A very active club, they journeyed to Columbia on November 17 for the Fall Assembly which was held at the SCEA Building. The Spring Assembly was held in January. To climax the year, some of the members of the club went to Myrtle Beach for the State Convention. As Antoinette Brown noted, "SAE is an organization which helps students gain experience."

Speaking to the faculty and parents during Open House is, Ms. Jean Darlington. Her topic of "The Parent's Role in Sexual Development" was intriguing.

Attending a S.A.E. meeting is one of our athletes, **Terance Love**. The S.A.E. is a group whose members plan for a future in the field of education.

Making a statement

The Debating Possums have had an outstanding year in forensics. Bringing home awards was a routine habit for the argumentative squad. Throughout the year Herbert Addison, Eddie Coker, Sheila White and Julie Foster have led the unit in an outstanding year of "rebuilding."

The possums got on the road and won big at a Wake Forest tournament. Herb Addison and Stephanie Drayton placed first in the novice division of debate. The argumentative rodents continued their trail by capturing third place in Brunswick, Georgia. Herb Addison teamed up with Andre Patterson to go 4-1. The ball continued to roll into Atlanta where Eddie Coker, Caroline Priester, Julie Foster, and Herb Addison captured first place at Parkview High School. Atlanta hasn't been that hot since Sherman came through. The Possums returned to Woodward Academy as Sheila White and Julie Foster snatched second place.

This is the third year of the Possum reconstruction period. The Possums, under Mr. Joe Siren, are off to a good start in regaining their previous standing in statewide forensic competition. One look at the overflowing trophy room tells all.

Who? What? When? Where? Why? and How? These are the six basic one-word questions that are daily used by the news media.

Journalism holds many fascinating experiences. It opens the door to the public and ventures into a world of mass communication. Being a member of the school newspaper staff gives an individual a chance to develop new writing skills in expressing ideas and facts.

The A-F Tiger Times has four journalism desks that do an excellent job in publishing the school newspaper. The desks include: the Curriculum Desk, which covers academics and student activities; the Sports Desk, which covers all A-F sports news; the Clubs and Activities Desk, which covers all the business in the various clubs; and the Extra-Curriculum Desk, which reports on miscellaneous activities. The First amendment of the Constitution states that the press has a right to freedom and the Journalists of Allendale-Fairfax High certainly live up to that privilege.

Novices are Sims Floyd, Lise Speck, Percy Coard, Sandra Park, Louis Lomax, LeAnne Loadholt, and Rebecca Gallagher.

Ascending the ladder of success

The Golden Brigade has promoted itself into a third successful year as a neophyte marching band. Under the direction of Mr. Barry Wash, the marching musical unit advanced one more step up the ladder of success.

Traditionally the band entertains crowds at halftime at football games with its superior act, enhancing the mood of the ceremonies with their harmonious version of "Endless Love."

Backing up one of the best football teams of our school's history, these musicians displaced their talents at home and away before many faces. None of this could have been possible if not for the effort Mr. Wash, an Edgefield native. A rookie band director, Mr. Wash came fresh out of Newberry College. During the course of the marching season Mr. Wash took the big plunge and middle-aisled with his new bride, Pamela. The band students did not let this go unrecognized. After a football game they threw a surprise bash to a very deserving Mr. Wash.

During the off-season the Golden Brigade made another smash appearance at the Allendale County Christmas Parade. Also, many of the band members compared their individual talents against other horn blowers throughout the state in contests such as that at North High School and at the Annual Edisto Conference. Prior to that, several members of the "Black and Gold" advanced to state competition to see how they fared against musicians in the entire state. Dreams for the future center on more placements in this honorable contest. Student determination and strong leadership just might make dreams come true.

Outlined by musicians and participants in Homecoming festivities is Sheila White who manages to lend her talents to a wide variety of activities.

A study in concentration, Shelia Ingram, directs the musical aggregation in its rendition of "Endless Love."

One of a large number of middle school band members is trumpeter J. Mixon, a lad with much promise.

Left: Leading a row of flutists is Tyra Cohen. Another middle school member, Tyra has four more years to perfect and display her talents. Above: Rigid lines and military precision are the stuff of crowd appeal. During half-time the musicians march and play in perfect sync.

An exercise in service

Perhaps one of the largest and most vivacious groups around would have to be FHA-HERO. This organization has generated one of the highest membership enrollments in the school's history.

This year the honorable club was noted for their respectable deeds toward the public. This year's FHA/HERO brought good tidings of great joy bringing gifts to the elderly at the Mole Nursing Home at Christmas. Also planned was a chance to enhance their club's motives by sponsoring various community projects such as the Clean-a-Thon, Read-a-Thon, and Rake-a-Thon. This year's Christmas parade caught the sight of Miss FHA, Evette Grant, who represented the notable group. And as usual, FHA sponsored their annual trip this past May. FHA-HERO always stands out with dignity, integrity and hard work. Perhaps this is why it's one of the largest clubs and will probably stay that way.

Members of FHA have to be enrolled in a Home Economics class or have already taken a class. Here Stacey Graham is busily involved in practicing her sewing techniques.

A jump on the competition

Friends, Romans, and Businessmen, lend us your talents. If there's anyone who plans to enter business who is still in high school, the Future Business Leaders of America offers you a jump on the competition. Under the supervision of Mrs. Law and Mrs. Frazier, the FBLA organization has been developed through success, hard work, and an enormous enrollment. The club has only been around for six years, but it has made its mark among the elite groups around.

Involvement in co-curricular activities are not only fun but also are advantageous for one's transcript. Therefore, these people do have a jump on the competition with the insight they gather from FBLA membership.

Posing for the camera are FBLA members. **Back row:** Dondiel Flowers, James Hicks, Anthony Fullington, Willie Frazier, Willie Priester, Marion Rouse,

Don't look at those keys! These students know the cardinal rule of typing. This popular class is for

Business Education majors as well as an elective for those wishing to acquire skills for personal use.

Busily sewing bright new banners for the gym are Elaine Hoover and Blossie Washington. This is an especially useful project for the Industrial Sewing class since we need updated banners showing regional competitors.

Confident and prepared

What jobs are in demand for the future? What kind of working conditions do I want? Will I be able to advance in that line of work? How much training will I need? What kind of salary can I expect?

Students who take one of the trades and industry courses at the Vocational School have an opportunity to join the Vocational and Industrial Clubs of America, better known as VICA. The club provides not only a social outlet but also an opportunity to hear speakers and investigate possible jobs in the work force. Under the leadership of Mrs. Smith and Mr. Corley these students are getting previews of many important aspects of their chosen careers.

Be confident. Be prepared.

Shown above are VICA members. Kneeling: Leon Greyheart, Jack McDaniel, Emmet Allen, Antioni Bryant, Tony Creech, Dawn Heyward, Michael Thomas. **Standing, front:** Pamela Elmore, Audrey Hay, Stephanie Williams, Marie Rollins, Jessica Diehl, Lesa Sarver, Rhonda Johnson, Janie Williams, Elizabeth Elmore, Charmaine Brown, Joyce Patterson. **Back:** Lawrence Combs, Wilbur Wallace, Alvin Lewis, Paul Brandt, John Barnes, Rachel Carter, Derwin Satchell, Sandra Deloach.

Popular sponsors of VICA pose for a picture. These two, Mrs. Betty Smith and Mr. Haniel Corley, give much time to the club.

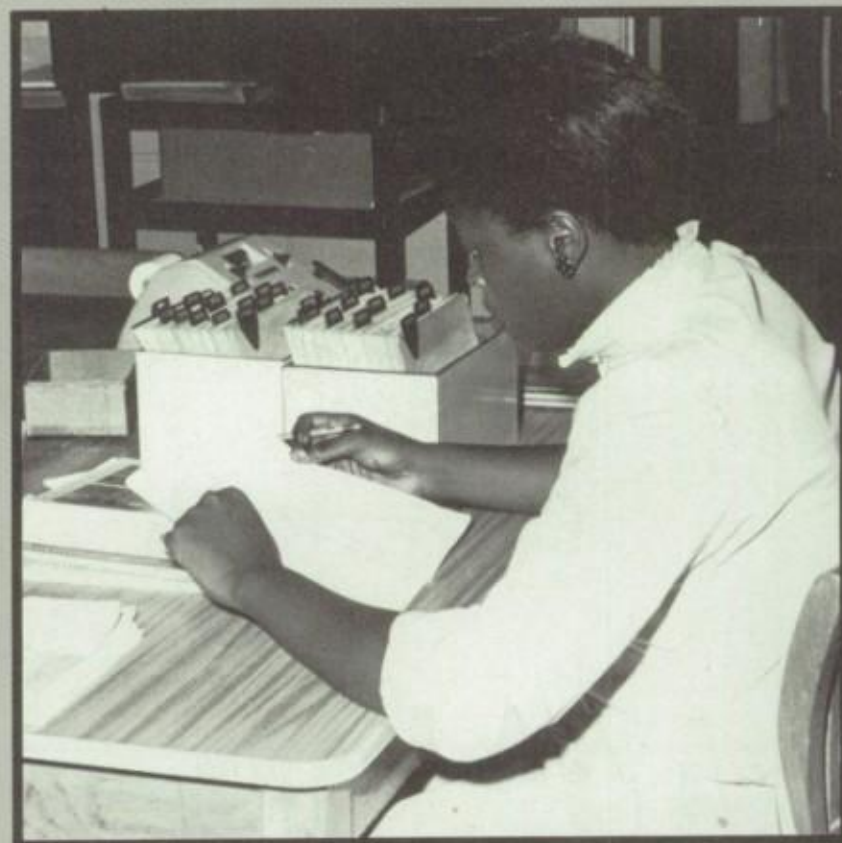

Running smoothly

The life of an office aide is, at times, inspiring. During the time in the office, these hand picked students become very "educated" on business matters. They gain experience in filing techniques, collecting forms, running the copying machine and meeting the public. It also gives them a chance to do homework for the next class on the not-so-hectic days. At least, these students have an opportunity to see how much work takes place behind the scenes to keep our school running smoothly.

A member of the National Beta Club, Valerie Riley performs one of her daily activities as a responsible office aide. Besides filling teachers boxes, aides run errands for Mrs. Davis and Mr. Hassell.

Those chosen as office aides are Valerie Riley, Theresa Brandt, Kelvin Orr, Laura Sterling and Cala Harter.

When Theresa Brandt is not on the go issuing absentee lists, she uses her free time for studying.

Reach out and touch someone

A club of prestige, achievement and progress, the Beta's have slightly decreased in number over the past few years. And this is progress! The reason is that membership is open only to those students who attain a 3.75 G.P.R. — quite a stringent academic record. Therefore, those who meet this qualification, along with the additional qualities of honesty, trustworthiness, service and leadership ability, can be proud of selection.

Once these proud few are inducted, then they seek to prove their worthiness. Betas are a service-oriented group always seeking opportunities to reach out and touch someone. Activities for this year included selling roses for Valentine's Day, showing movies as evening entertainment, sponsoring a Powder Puff Football game and attending the State Beta Club Convention at Myrtle Beach.

Morning vignette

It's 7:20 and there you are, out in the cold awaiting the arrival of the Yellow Streak Bus Line, to chauffeur you to school. The thermometer reads a breezy 19° and you're still wondering why you got out of bed. Out there on that corner you try to bundle up with the rest of your friends and you only got one thing in your mind, "Where's that confounded bus!"

Finally the loud roar of the bus catches your attention. A distinct hum like no other. The bitter cold makes seconds seem like hours. Then all of a sudden the large yellow contraption draws near. As the bus comes to a halt everyone's mind has one goal — to get on first.

As you load and move down the aisle, looking for the nearest available seat. Billy MacDuff smells again today, so you take the seat behind him. (Far behind him). You happen to be seated in the chair with the wheel's hump in it so you feel uncomfortable and even chillier. Now the bus starts to advance and you lay your books in your lap and rub your hands wishing you could hurry to school.

The sight of the same old school comes into sight. You grab your belongings and snap those unbuttoned holes you undid to get relaxed. The bus's velocity gradually decreases as your destination nears.

Finally, a halt takes place and everyone stands up in unison to unload. Your friend Johnny allows you to go before him and you quickly take him up on it. As you advance down the aisle like a boxer moves to a ring, you know you have to fight six periods of school again. The only thought left in your mind is to get back on the bus to go home again.

One of the school's major source of transportation is the school bus. Each day these limousines deliver students to our favorite place . . . school!

**DON'T BE AFRAID
TO FALL**

You've failed
many times,
although you may not
remember.
You fell down
the first time
you tried to walk.
You almost drowned
the first time
you tried to
swim, didn't you?
Did you hit the
ball the first time
you swung the bat?
Heavy hitters,
the ones who hit the
most homeruns,
also strike
out a lot.
R. H. Macy
failed seven
times before his
store in New York
caught on.
English novelist
John Creasey got
753 rejection slips
before he published
564 books.
Babe Ruth struck out
1,330 times,
but he also hit
714 homeruns.
Don't worry about
failure.
Worry about the
chances you miss
when you don't
even try.

Good Students Don't Burn The Midnight Oil Anymore.

Thanks to electricity, students are studying by much better light these days.

But lighting is only one of thousands of innovations brought about by electricity. Innovations that have made education more exciting. And more challenging.

So work hard. And we at SCE&G will be working hard too. Working to insure that you'll always have a plentiful supply of the world's most important energy.

SCE&G. WE KNOW HOW IMPORTANT ENERGY IS TO YOU.

Memories abound as we recall Spirit Week. Good friends Lise Speck, Windi Williams, Rebecca Gallagher and Caroline Priester display their popular New Wave designs.

Memories are made of this. Etched forever in our memory is Althea Cohen accepting the Homecoming Crown from Mr. Singleton. Proudly looking on are Reynold Simmons and Dasha Youmans.

Good times, good friends

You are always
my friend
when I am happy
or when I am sad
when I am all alone
or when I am with people
You are always my friend
if I see you today
or if I see you
a year from now
if I talk to you today
or if I talk to you
a year from now
You are always my friend . . .
and though through the years
we will change
it doesn't matter what I do
or it doesn't matter what you do
Throughout our lifetime
you are always my friend

Memories of our football team fill our minds. Good friends Carroll Adams, Percy Coard, and Bill Frazier find time to study.

Memories of concession work are captured in the smiles of Valerie Albany, Debra Brooker, Michael Mew, Perry Kearse and Corey Elmore.

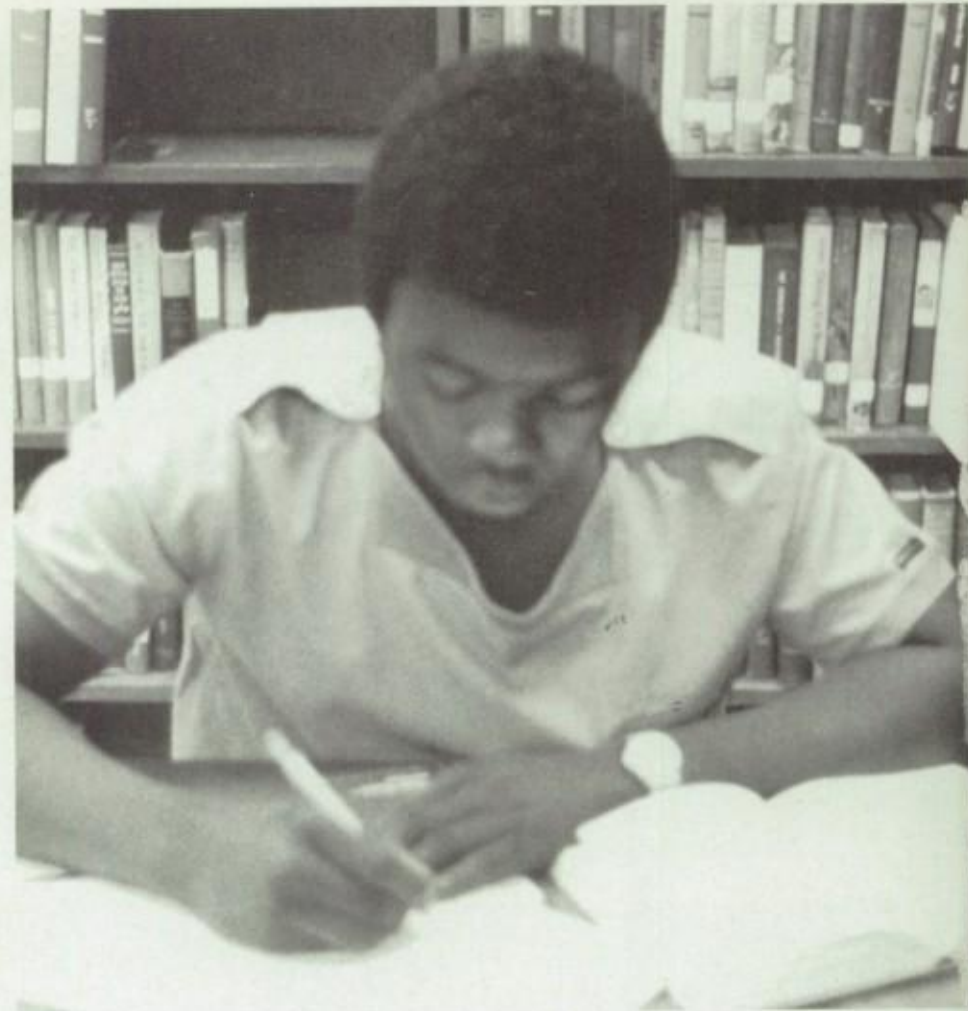

Lasting memories

A high school education is a time for growth through transitions as we are transformed from adolescents to men and women. Clubs and class activities help us with this growth. The initial experience is indeed humbling; yet, in time, we develop confidence in our ability to survive and ultimately to be of service to mankind. Through these involvements we realize that our high school experiences are more than just education from books. It is a very small view of the world ahead, offered during the fascinating changes in our lives.

In time to come we will look upon these years with nostalgia. Each time we open our yearbooks the memories will rush upon us with various degrees of joy, pleasure, sadness, excitement, longing, contentment. Let the memories live!

"Jungle Love," Yā • us! Junior, Willie Frazier experiences a daring adventure through the perusal of English Literature.

Grabbing a few minutes to catch up on his homework, Quillie Ferguson realizes that procrastination does not pay off.

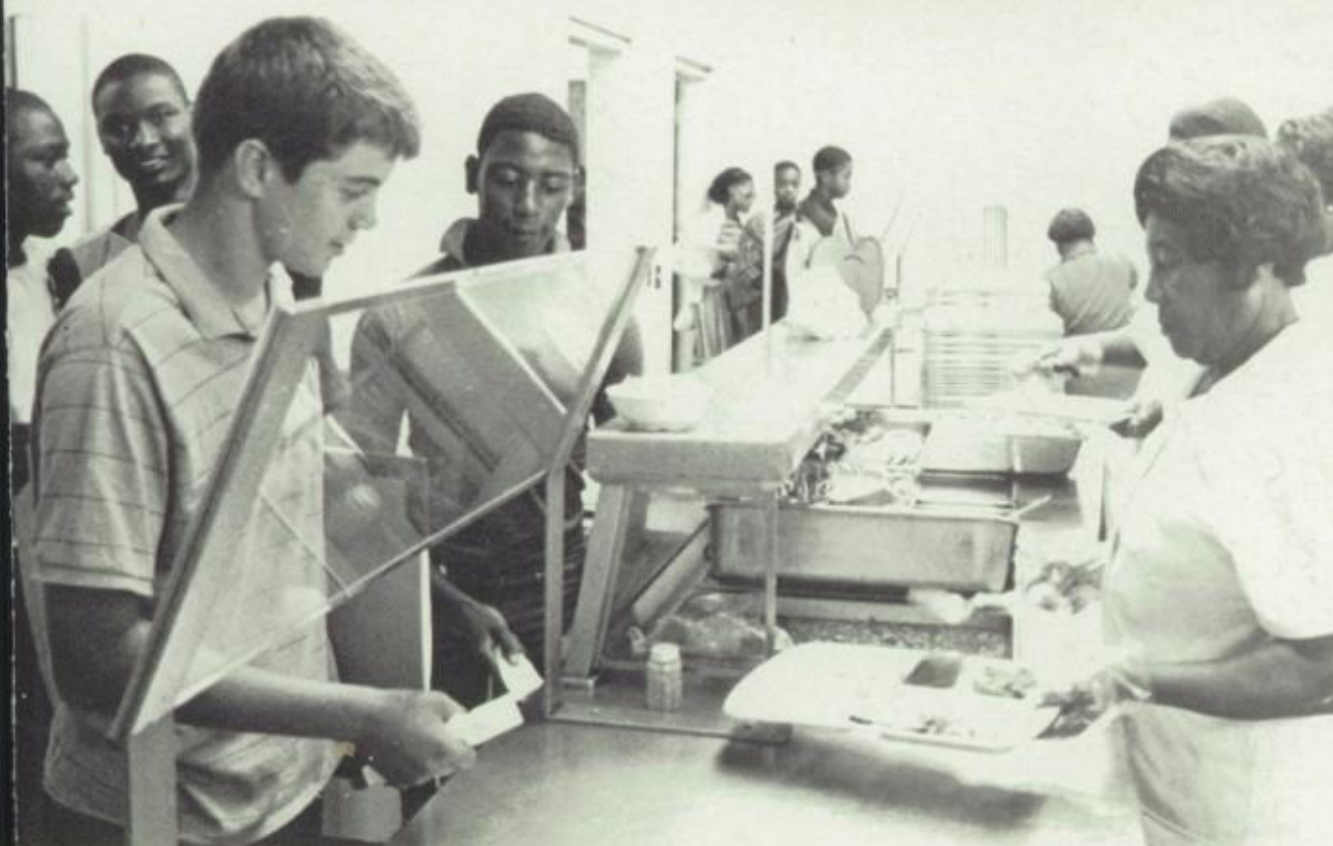

In years to come Carla Priester will appreciate her earnest effort to understand the intricate systems of mathematics. Right, Mrs. Clayton?

Tammy Gordon knows that the rule of the game says never to go to the chalkboard and keep your back turned for long.

What must precede any student's thinking process? Yes! you guessed it — a good lunch! For many of us, it is a choice time of day.

We're going all the way

It has been great going to class with you this past year. But every good thing has to come to an end. I've known you a very long time. Not only are you a very dear friend & a great cousin but you are one silly guy. Sometimes your jokes can be stupid, but really the majority of the time they are a good pickle upper.

May you continue to lighten everyone's day & don't let anyone run or get over on you. Well as we all know it's time to get away from this time Bomb for summer vacation & may you enjoy your vacation. If you choose to leave the state of S.C. this summer, Please keep in touch. Don't forget me and I shall remember you.

Whatever goal you choose to set in life good for the highest. Make the best out of life and what you do & you shall always be on top & be the Best.

Serru, It's been great knowing you this year. I find you to be a very nice, sweet, and don't let me leave out the fact that you're well put together. (Body wise + looks) There were times when I thought you would be that someone special, but time brought about a change. We became close friends and I've enjoyed every moment we shared in class. There's something about you that makes me smile everytime I see you. So keep up with the good jokes. Go for whatever you want out of life, but make sure it's the best!

Love ya!

To Derry;

A very sweet, nice and handsome young man I truly admire. I have to admit you have made my darkening days shine. You are the type of young man that won't have any problems in making friends and I love to be around you. I can't recall us having any up & downs, I can only remember us having a good time together. If all my other boy-friends were the type of guy like you I know all my rainy days won't be boring. Do, you keep that nice personality and continue to cheer people up. Remember follow your dreams because you'll never know what's on the other side of the rainbow until you do. *do do do do do*

So Sorry

T.E.

It has been more than a pleasure to have you in my third period class and not to mention how close we became. Sorry I must admit that you made me smile on some of my darkest days and I love you for that. I will always remember all the laughs we had together, Even though you are scared of me. I hope you reach all of your goals in life because someone as sweet, kind and gentle as you are deserve nothing less than the best. As you climb the ladder ~~of~~ ~~and~~ always remember me. Love ya!
